BRITAIN UNWILLING TO CHANGE POLICY TO HUMOR FRANCE

Government Restates Belief That Accords Should Be Concluded as Opportunities Are Presented—Not Abandoning Any Proposition Included in Franco-British Declaration of February

PARIS, June 27 (AP).—Britain today informed France she was "hesitant" to renounce the diplomatic policy which led to the bi-lateral naval accord with Germany—an accord that drew protest from the French.

The London Cabinet's declaration arrived just before Anthony Eden, Britain's Secretary for League of Nations Affairs, left for London after talking two hours with Premier Pierre Laval and failing, both admitted, to reconcile existing differences.

PERFECTING DEFENCES
Almost simultaneously France, though still eager to get Britain's help against any future enemy, was moving independently to perfect her defences.

Great Britain, instead of pledging herself hereafter to negotiate only along collective peace lines as Laval had demanded of Eden, restated her belief accords should be concluded as opportunities presented.

At the same time the note declared the London Government would not abandon any proposition included in the joint Franco-British security declaration of February 3, and reaffirmed its desire to hasten solution of pending problems.

ASKED TO CLARIFY
The communication, in turn, asked Laval to clarify his idea as to how to proceed to assure peace in Europe, thus leaving the way open for an eventual compromise.

The French Premier's request for British backing in inducing Germany to cut her army below the announced figure was not mentioned in the note.

Eden recounted to Premier Laval his interviews with Premier Benito Mussolini and offered assurance that the stress three-power united front will be maintained.

It was understood here that Britain would like to see the proposed "air Locarno"—the major subject of today's conversations—signed once again as a general agreement, but leaving to a later date all accessory parts which are to form the complicated structure on which European peace is to be reared.

FRANCE'S DESIRE
But France wants the general air treaty concluded, simultaneously with the separate technical treaties, that must be included as the basis for the general treaty, among the different powers.

Meanwhile the Chamber of Deputies' finance committee voted more money—about \$22,500,000—

WOULD PREVENT LEGAL ACTIONS

Roosevelt Asks Congress to Fortify Treasury Against New Deal Suits

WASHINGTON, June 27 (AP).—President Roosevelt asked Congress today to fortify the Treasury finally and definitely against legal actions arising from the new deal's monetary policies.

To the indignation of Senate conservatives, his special message urged immediate legislation to block all gold suits—those brought by holders of Government gold clause bonds for payment either in gold or in devalued dollars to the sum of \$100 for every dollar of face value.

Mr. Roosevelt said the law he asked would assure maintenance of "the equal value of every dollar in the market" and demonstrate that the courts are not to be used "in aid of efforts to sabotage the Government or in aid of private speculation."

THREE-POINT MESSAGE
Specifically, Mr. Roosevelt's three-point message asked authority for the Treasury to pay the holders of \$10,126,579,340 in gold securities that sum in devalued dollars or non-gold clause securities, for Congress to close the court of claims to all suits on securities, coins and currency, and for reaffirmation of "dollar for dollar" equality.

Chairman Fletcher said the Senate banking committee planned early consideration of the message.

Boy Drowned in Chilliwack Slough

CHILLIWACK, June 27 (AP).—Francis Baumgartner, five, was drowned Wednesday in a slough near here when he stumbled into a hole while bathing. He had gone to the slough with a man employed on his father's farm and disappeared while the latter was swimming some distance away. A search disclosed the body.

After Devastating Quetta Earthquake

At least 50,000 lives were lost and the city reduced to ruins when the disastrous earthquake of May 31 struck Quetta. More than one hundred villages were wiped out over a stretch of terrain 130 miles long and twenty wide. The above photograph shows the wreckage the day after the devastating disaster.

Irregulars Fight Chinese Troops In Assault on Peiping

TOKIO, June 28.—Rengo (Japanese) News Agency dispatches said today that 2,000 Chinese irregulars attempted to seize Peiping, resulting in a battle with Government troops outside the south gates of the city.

The dispatches said the Japanese military became increasingly vigilant, and a number of Japanese army planes were flying over Peiping, watching developments.

A detachment of Japanese infantry was reported dispatched to the scene as a precautionary measure.

High officers here considered the conflict entirely a Chinese affair, and said the Japanese army had no intention of intervening unless Japanese lives and property were endangered.

Road Programme Divided Into Many Very Small Pieces

British Columbia Emergency Works Programme Spread Among Sixty Sections of Provincial Highways, Completing None—Vancouver Island Appropriation Kept Secret

ONLY twenty-seven miles of hard surfacing, out of a total of 275 for the province, is contemplated by the Government for Vancouver Island, while gravel will be put on the road between Duncan and Cowichan Lake, and three miles of the Malahat stretch of the Island Highway will be reconditioned. Such is the programme for Vancouver Island as outlined by Hon. F. M. MacPherson, Minister of Public Works, in an announcement details of the highway improvements planned for British Columbia at a cost of \$1,500,000.

FOUND SHOT IN HOLLYWOOD PARK

Young Woman's Body Discovered Pierced by Five Bullets Near Busy Drive

HOLLYWOOD, Cal., June 27 (AP).—An attractive woman, about thirty years of age, was found tonight shot to death in Griffith Park. There were no marks of identification upon the body. Five bullets had pierced the body of the young woman.

The slaying took place within 100 feet of traffic-crowded Riverside Drive. It was about 4:30 o'clock when workers in the park said they thought they heard five shots, but they continued to work, believing it to be the backfire from an automobile.

The body was not discovered until shortly before 8 p.m., when five boys from a park camp accidentally came across it partially concealed in a dense thicket.

POLICE STOP CAMP STRIKERS ATTEMPTING TO LEAVE REGINA

Five Men Taken Into Custody by R.C.M.P. When Truck Load Sets Out to Continue Trek to Ottawa—Minister Detained After Demanding Passage for Party

Authority for Actions Is Explained by Commissioner

REGINA, June 28 (AP).—With relief camp strikers rebuffed in their first attempt to trek to Ottawa by truck, five men were in custody of Royal Canadian Mounted Police today, under a Special Emergency Act sub-section passed yesterday by Cabinet-in-Council at Ottawa.

For an hour late last night a truck load of strikers argued with a Royal Canadian Mounted Police patrol, in an attempt to move onto the highway leading eastward to Brandon and Winnipeg. The arrests were made in the pale light of automobile headlights, while a score of private cars carrying private citizens halted behind the strikers' truck.

DEMANDS PASSAGE
Flashing a permit he obtained through Saskatchewan motor license office, Rev. S. B. East demanded the police step aside and permit the strikers to go on to Winnipeg. Standing adamant, police refused to let the strikers through, and said they were ordered by Ottawa authorities to stop all strikers leaving Regina.

Col. S. T. Wood, assistant commissioner of R.C.M.P. here, said the men were arrested under the Special Emergency Act, which gave the Federal Government authority to maintain "peace, order and good government" in the Dominion.

EXPLAINS LEGISLATION

The sub-section which was passed by the Cabinet-in-Council yesterday, he said, provided for prevention of striking relief camp workers leaving Regina. It also provided for seizure of trucks or other vehicles loaned or rented to the strikers for transportation purposes and prosecution of the owners of the vehicles.

The five men in custody are: Jack Cosgrove, a strike leader, who commanded the army of 2,000 relief camp workers on its trek from Vancouver into Regina; I. Dell and J. Cosgrove.

ACT ADVANCED ANOTHER STEP

Second Reading Given to Bill Providing for Loans To Fishermen

OTTAWA, June 27 (AP).—A Dominion fund of \$1,800,000 to be loaned to fishermen came a step closer to being established when the House gave second reading to a Government bill today. Although there was no division, Opposition members heaped wholesale denunciation and faint praise on the legislation.

Among members who criticized the bill was a Nova Scotia Conservative, Isaac McDougall. He opposed loans being granted on the security of property, claiming the bill "will not help 80 per cent of the shore fishermen of my province."

DENOUNCED IN TOTO

William Duff, Liberal, Antigonish-Guysboro, denounced the whole bill. He claimed \$1,800,000 for 65,000 fishermen was "a paltry sum" in comparison to the millions voted for agriculture, public works, housing and other purposes.

From British Columbia members came faint praise. Both A. W. Neill, Independent, Comox-Alberni, and Thomas Reid, Liberal, New Westminster, protested against the limit of \$1,000 and the property qualification.

Hon. Grote Sterling, acting Minister of Fisheries, said the reason loans were not being made on gear and boats was because of their perishability and short life. He promised the farm loan board, which will administer the fund, will use "reasonable common sense" in interpreting the legislation.

Six Families Sign Up for Return Home

PALMER, Alaska, June 27 (AP).—Six families of the 300 Middle West farm groups brought here for the Matanuska Valley colonization project "signed up" today to return to the States, officials disclosed, while a large group insisted emphatically they would remain in the valley.

The intention of the six families to leave Palmer shortly soon was noted about and it appeared a few more families might join them. Some other heads of families may be asked to leave.

of Public Works; Hon. A. J. Leger, Provincial Secretary-Treasurer, and Hon. E. A. Reilly, chairman of the New Brunswick Electric Power Commission and Minister without portfolio.

PREMIER DEFEATED

Leading a campaign for the first time, Mr. Dymally polled the largest vote in Kent, Mr. Tilley, contesting his old constituency of Saint John City for the first time as Premier, and the Attorney-General went down in the same riding.

The Liberal sweep was so complete nine Conservative candidates lost their deposits in Gloucester, Kent and Madawaska. Two independents in the latter constituency, only one where straight Liberal-Conservative fights did not prevail, also met the same fate.

Among defeated Government candidates in Northumberland was Miss Frances L. Fish, first woman to seek a seat in the New Brunswick Legislature. She led the Conservative vote.

MEMBERS ELECTED

Following is a list of members elected by constituencies:

Albert (2)—F. M. Colpitts, L., and H. O. Downey, L.; unchanged.

Charlottetown (3)—F. M. Colpitts, L., and H. O. Downey, L.; unchanged.

Charlottetown (4)—F. M. Colpitts, L., and H. O. Downey, L.; unchanged.

WATER-MAIN TAX BY-LAW IS READ

A by-law to establish a tax of five cents per foot frontage, on property connected with the new water main on West Road in Saanich, was given a preliminary reading by the Saanich Council last evening. The by-law provides enforcement of the five-cent rate for four years, after which it will drop to three cents.

Billiard or pool tables, producing revenue in the municipality, will be taxed \$10 every six months, according to terms of another by-law given its third reading. Shooting galleries will be charged \$5 for each target or range for the same period, and bowling alleys \$10 for each alley or runway.

FAVORS FUND FOR PAYMENT OF BONUSES

Liberal Leader in Senate Would Set Aside \$100,000,000 for Purpose

TO BE DEVOTED TO HOME CONSTRUCTION

OTTAWA, June 27 (P.)—The suggestion that a \$100,000,000 fund might be set up for the payment of a 20 per cent Government bonus towards the construction of homes in Canada today was heard in the Senate from Hon. Raoul Dandurand. The utilization of the fund, which might be increased, would mean a total expenditure of \$200,000,000, the Liberal leader added.

Criticizing the \$100,000,000 housing measure, he declared the loaning of money under the bill would provide little help in the construction industry and the building trade, but the payment of a bonus would bring results.

ENCOURAGING INVESTOR

Money was available to the extent of millions of dollars in banks and financial institutions for investment at 4 and 5 per cent; but what was required was an encouragement to the investor at present in fear of small returns.

Senator George P. Graham (Lib., Brockville) did not think much money would be expended under the scheme. He did not think a lending institution was going to lend 60 per cent of the cost of a building, and land, knowing the Government was in it, and that the cost paid for was up to 80 per cent.

Rt. Hon. Arthur Meighen, Senate leader, said Senator Graham would be correct "if he had in mind only commercial lending institutions were created for the purpose of making money." But the bill contemplated co-operation with the provinces, and that the provinces would establish lending institutions.

FOR SLUM CLEARANCE

This was the method the Dominion was taking to assist provincial and municipal schemes. The measure included some slum clearance and the erection of better houses for low-income-earning people in those districts.

"We are either going to have a housing policy or we are not, and I fancy the Commons committee, composed of members of both sides of the House, has probably done the best that can be done," Senator Meighen stated.

If it were the will to defeat the bill, then members should not insist on a housing scheme. He did not think the bonus plan would be supported by the Liberal leader if he were on the Government side of the chamber. Money would be loaned at a low interest rate; and the legislation was a method which had been chosen to assist in a matter which primarily was not a Dominion responsibility.

SENT TO COMMITTEE

Second reading was given to the measure, and it was sent to the banking and commerce committee.

The bill to remove any doubts as to the legality of the bridge across the Second Narrows of Burrard Inlet at Vancouver, was put through second reading.

Another measure pushed through extended for a year the service of Mr. Justice Fawcett Taylor, of the Manitoba King's Bench Court, as acting chairman of the Board of Pension Commissioners.

ROAD PROGRAMME - IN MANY PIECES

Continued from Page 1

Island Highway and eleven miles south from Alberni towards Parksville. Three miles of the Island Highway at the Malahat are to be reconstructed; and the Duncan-Cowichan Lake Road will be improved with gravel.

There is no appropriation for the West Coast Road, and work being done currently from Jordan River north is being carried out by the Department of National Defence with relief labour; exclusive of the Province. Saanich was not mentioned at all in the programme released, but Mr. MacPherson explained that shoulders on the East and West Saanich Roads may be widened at places.

ON MAINLAND

On the Mainland, approximately 250 miles of road are to be hard-surfaced at some forty different points, while at twenty other points they will be gravelled and prepared for surfacing. This work includes virtual completion of double roads from Vancouver to Chilliwack; a series of surfaced patches on the Trans-Canada route from Hope through Lytton, Ashcroft, Kamloops, Salmon Arm, and on to Revelstoke; additional patching on the southern trans-provincial route from Hope through Penikese, Trail, Nelson, Creston, Kingsgate, Cranbrook, to Fernie; and more on the north and south route between Salmon Arm and Penikese, through Vernon and Kelowna.

Interspersed with strips of hard-surfacing varying from two to twelve miles each, will be conditioning of intervening portions of the

highways, preparatory to surfacing at some future date.

In the North, reconstruction will be done on the Northern trans-provincial highway at points between Terrace and Tete Jaune, the Barkerville Road, some sections of the Cariboo Highway, and the main road into the Bridge River mining area. Mining trails and bridge development are included in the programme, the minister intimated.

MAIN EFFORT

The main effort is to be made along the line of the Trans-Canada Highway from Vancouver to Golden, with extensive mileages of gravel-surfacing. The loop formed by Hope, Lytton, Ashcroft, Kamloops, Merritt, and Princeton back to Hope is marked for immediate reconditioning.

On the southern trans-provincial route the work to be undertaken is more patchy, mainly centred around towns along the route.

Work at Kingsgate, Grand Forks, Osoyoos and outside New Westminster is designed to improve approaches from across the international border.

A HIGHWAY LATER

"The policy of undertaking hard-surfacing this year on sections of the trunk system across the province which are in proper condition, and, at the same time, bringing those adjoining up to standard for treatment the following year, and continuing the scheme in the immediate succeeding years, will constitute a progressive and well-planned scheme, which will gradually provide a hard-surfaced highway across the province, connecting with all important United States entry ports, Alberta, and the national parks system," the Government's announcement said.

OPPOSED TO ARMY VOTE

Continued from Page 1

which, if not done now would cost more later. Another \$70,000 was for repairs to the Citadel at Quebec. Some of the walls of the ancient city, Mr. Sterling said, were on the point of sliding down into the streets, and if not repaired, serious accidents might result.

"If you want to build public works, build homes not barracks," suggested J. S. Woodsworth, C.C.F. leader. He protested because there was no money to settle the difficulties with unemployed relief strikers in the West, when millions could be spent for soldiers, barracks and Royal Canadian Mounted Police.

REDS LEAD TREK

Even if Canada went to war, its permanent army would not take it far, Mr. Woodsworth said. Its main purpose was to maintain law and order in days of peace.

Mr. Woodsworth read extracts from the Macdonald report into British Columbia relief camps. "As far as I can find out, the men behind the trekkers are Communists or members of some subsidiary Communist organization," he said.

ADVOCATES CROWN COLONY

Sir,—Permit me a little space in your valuable paper to express my views on the New Deal for Vancouver Island.

My opinion is that British Columbia should be made a Crown colony, and keep all that \$50,000,000 in British Columbia, and bring manufactures here—that is, to Victoria and Esquimalt. Such would provide employment, a large payroll, and bring happiness to the people.

T. BUTCHER, 2675 Richmond Road.

ROAD TO DELLA FALLS

Sir,—Vancouver Island should be developed. In regard to Della Falls, which are nine and one-half miles from the head of Central Lake, seven miles of which is easy going, \$5,000 would make a first-class trail to Della Lake.

Critic Reviews "Woman Unveiled" And Finds Himself in Complete Agreement With Writer

"Woman Unveiled," written by Marion Angus, formerly of Victoria, finds a delighted critic in the book reviewer of the Santa Barbara News-Press, according to information received here.

This book, which already has been reviewed by The Colonist, deals with modern women and their new-found liberties. The Santa Barbara critic, in referring to this publication, states in part:

"La Angus preaches something that has been voiced before in this strip. . . that this is a most difficult era for women because most of the 'new models of so-called womanhood are caught between tragic indecision. Their natural physiological and mental self bids them to revert to the traits of their sex, to be domestic, keep the home fires burning, and to serve as was intended, as mother of their race. Custom and vogue, however, bids them assert themselves in their doubtful liberty, to daily in the arts and to achieve by competing in men's natural field of business or the professions. Vogue, as a swirling vortex, is sucking them into misery."

"I agree with her tenets as to the perilous status of modern woman," the critic says.

LOGANBERRY CROP COMPETITION JUDGED

KEATING, June 27.—The annual loganberry crop competition sponsored by the South Saanich Farmers' Institute was judged this week. Only one point between first and second places, and one point difference for third prize, is an indication of the difficulty in making awards faced by the judges, E. E. White and W. H. Roberson, of the Department of Agriculture.

Results were as follows: J. J. Young, 86; A. Sutherland, 85; P. Holloway, 84; W. Rhode, 82; W. Micklejohn, 79; W. Bickford & Sons, 77.

Taking Over Holdings Of Wheat Producers Would Be Expensive

Treasurer Claims It Would Cost \$52,000,000 Cash and \$154,000,000 in Obligations for Board Assuming Control of Marketing

OTTAWA, June 27 (P)—It would cost \$52,000,000 in cash and obligations of about \$154,000,000 to take over the responsibilities of the Canadian Co-operative Wheat Producers, Ltd., on May 31 last. Holdings have dropped only slightly since then, the select committee on the Grain Board measure was told today by Robert Findlay, treasurer of the Co-operative.

These figures were based upon the last, would be turned over to the assumption that the entire 228,000 bushels of wheat available in the country to fill all the options held by John I. McFarland. In this connection Mr. McFarland wired the committee today: "It should be clearly evident neither the Government nor the proposed wheat board can receive on secure delivery of more than is actually in storage in Canada."

FOR EXCLUSIVE CONTROL

The bill under consideration by the committee proposes to create a board which would take over the holdings of the company and assume exclusive control of grain marketing.

Mr. Findlay bared the details of operations carried on by Mr. McFarland, general manager of his company, with a bank guarantee furnished by the Dominion Government, since July 31, 1931. Such a mass of statistical detail was presented by the witness that Colonel J. L. Ralston, Liberal, Yarmouth, Sheburne, chief Opposition inquisitor, asked to have Mr. Findlay recalled later after he had digested the information.

Present commitments on the Government account have been estimated at 228,000 bushels. On May 31 last the figure was 228,000 bushels at an approximate price of 85.942 cents. On that date the indebtedness to banks was about \$32,000,000 net, and grain stocks on hand were valued at \$1,610,000, leaving a net deficit of more than \$10,000,000.

COST OF ACQUIRING

On taking over the wheat holdings of the three provincial pools in the Prairie Provinces, when Mr. McFarland first started his operations, the co-operative acquired 76,720,000 bushels of wheat at an average cost, as in August 31, 1931, of 60.534 cents a bushel, the witness said.

Afternoon evidence consisted mainly of a continuation of the detailed information respecting the balances at the end of each month of operations, showing the bank indebtedness, the assets in margin deposits and grain stocks on hand, and net obligations or surpluses.

There were periods when a paper profit of considerable dimensions could be shown, but these were large deficits. Figures were given this morning covering the period up to the end of December 1933.

NET OBLIGATIONS

Evidence this afternoon showed net obligations ranging to as high as \$17,712,000 on April 31, 1934, to a credit balance of \$14,807,000 on July 31 of that year. Latest figures given were on June 22, 1935, when the bank indebtedness was \$79,333,000, deposits against margins \$27,510,000, grain stocks on hand \$40,202,000, leaving the net obligations to the banks \$11,621,000.

It would be necessary to sell all the holdings at 5 cents a bushel above present market prices to avoid any loss to the Government, Mr. Findlay told Victor Porteous, Conservative, Gray North.

The committee adjourned until tomorrow.

CHIEF STATES SIGNALS WORK WELL IN CITY

No Trouble Experienced With Pedestrians or Motorists on First Day

CAUTIONS AGAINST IMPROPER CROSSING

While no serious trouble was experienced yesterday when Victoria's automatic-traffic signals on Douglas Street operated from 10 o'clock in the morning until 6:15 o'clock in the evening, Chief of Police Thomas Heatley, on periodical tours of inspection, noticed many pedestrians trying to cross immediately after the first warning bell. The chief was accompanied by Inspector J. T. Boulton.

"I am pleased that motorists and pedestrians have so rapidly fallen in line with the new system of traffic control," declared the chief last evening. "Pedestrians, however, must learn to wait for the second bell and the green light before crossing on Douglas Street at the intersections of Fort, View, Yates and Johnson Streets."

"Serious accidents have taken place in other Coast cities through persons crossing at the warning bell, and in the interests of public safety the practice will not be tolerated here."

BETTER REGULATED
The new system has speeded up downtown traffic. It is far better regulated than formerly and pedestrians are able to cross the streets with greater safety," the chief continued. "Motorists may make right and left-hand turns, but must realize that pedestrians are to be given the right of way as much as possible when lights allow them to cross. When other Coast cities installed traffic control lights, right

Sees Lights Work, Loses On the Green

Danger loomed in the red lights of the traffic signals for one man in Victoria yesterday and the green light gave him the "all clear" signal in more ways than one.

While watching the operation of the lights at the corner of Yates and Douglas, he listened to the tirade of a stranger who roundly condemned the innovation while waiting for the green. The stranger got his signal and moved across the intersection. The innocent listener lingered and missed his crossing, and missed his pocketbook and two perfectly good \$10 bills.

The condemning stranger was a pickpocket.

"BETTER DEAL" GIVEN SUPPORT

District Council of Canadian Legion Fully Endorses Island Movement

Unanimous endorsement of the policy of a better deal for Vancouver Island and the work being done by The Daily Colonist in furthering the movement was given by the District Council of the Canadian Legion of the British Empire Service League at the monthly meeting held last night.

The District Council of the Canadian Legion is one of the most important organizations on the island, and it represents eight different branches of the ex-servicemen's unit embracing thousands of members. Endorsement of the movement by the District Council is considered of the greatest importance to the furtherance of the better deal policy.

UNANIMOUS SUPPORT
Discussion was introduced by Frank Partridge, who ably outlined the various matters under consideration as outlined in a series of articles in The Daily Colonist during the past three weeks. Members of the council were wholly in sympathy with the entire movement, and when the vote for endorsement was placed before the meeting, it was approved without a dissenting voice. The decision and endorsement of the District Council will be forwarded to the various Legion branches in the city and Up-Island.

PREMIER GOES ON BRIEF TOUR

Hon. T. D. Pattullo Leaves On Ten-Day Trip Through Northern Ridings

Premier Pattullo left last evening on a ten-day tour through Northern British Columbia ridings, accompanied by his private secretary, Richard Cartwright. He will return to his office on July 9, after a quick trip around ten centres in northern and central parts of the province.

The Premier's itinerary was outlined as follows: Vancouver today; Prince Rupert and Terrace on July 1; Hazelton and Burns Lake on July 4; Vanderhoof on July 5; Prince George, Quesnel and Williams Lake on July 6; Hunderd-Mile House and Kamloops on July 1, and Vancouver again on July 8. The Premier said he would speak at several points. Later in the year he is to tour Interior districts and the Lower Mainland.

build up the army, navy and air forces.

The main purpose of today's conversations apparently was to give Laval the reply of the British Government on certain points raised by the French Government in connection with the proposed air treaty, and the methods to be employed in carrying out the now historic Anglo-French memorandum on February 1 last, together with the programme formulated at Stresa on April 14.

INTERDEPENDENT POINTS
The French questions bore on the interdependence of the different points in the memorandum, including scrapping the military clauses of the Versailles treaty and replacing them by a disarmament convention and drafting a series of treaties including the "Eastern Locarno," the Danubian treaty and a multi-lateral air treaty.

The point to be settled whether the agreements planned at London and Stresa should be the object of an immediate treaty concluded like the Anglo-German naval treaty or

Traffic signals will remain in operation between 10 o'clock in the morning and 6:15 o'clock in the evening. Inspector Boulton pointed out, however, they will not be operated on Wednesday afternoons, general public holidays nor on Sundays, unless traffic warrants it. Through the four control boxes on Douglas Street, they are capable of being set in action at any hour of the day or night at a moment's notice. When the fire department passes along Douglas Street, the lights will show red on all four sides, signifying that fire trucks have the right of way over all other traffic.

NORTH AND SOUTH AIR ROUTE OF UNITED NOW BUSIEST IN OPERATION

SAN FRANCISCO, June 27 (P)—United Air Lines announced today its expansion programme has made its San Diego-Vancouver, B.C., line the busiest North and South international airway in the world. On this line the daily schedule calls for flying 12,316 miles along the Pacific seaboard—about one-fourth of the entire United mileage.

"WE'RE ON EMERGENCY DUTY ... we know what this HUMAN MILEAGE means"

"Saturday nights are the busiest. Sometimes we can't handle the cases fast enough. The minor cuts and bruises are bad enough, but the number of seriously wounded cases prove that too few people take tire safety seriously until too late."

THE greatest value that can be built into a tire is Human Mileage—extra quality that makes the tire itself last longer and extra safety that makes you last longer, too. That's what we mean by Human Mileage. Only in the General Tire are all of these protective features present:

1. Blowout-Proof Protection
2. Skid-Safe Traction
3. Low Pressure Comfort
4. Shockless Riding
5. Tension-Free Driving

For "Human Mileage" you need "Blowout-Proof" Generals on your car. They give you the complete combination for year round safety... skid-safe traction for wet, slippery weather... blowout-proof protection for fast speeds and warm climates. Let your General Tire dealer show you how easily you can equip your new or old car with the tire that's built for "Human Mileage."

General dealers have a complete line of safer tires to fit every size car and truck.

LIBERALS WIN NEW BRUNSWICK

The Liberals have won a smashing victory in New Brunswick, and once again the pendulum swings in their favor in that Province. There were ninety-eight candidates in the field. The contest was a straight fight between Conservatives and Liberals, with the Government of Premier L. P. D. Tilley going down to a heavy defeat. The Liberals, indeed, will have an almost ponderous majority, led by Mr. A. A. Dysart. A few Independents ran but without success, and the one woman candidate, Miss Frances L. Fish, running as a Conservative in Northumberland, was defeated.

The result is so decisive that there is no gain-saying the effect it may have in the coming Federal election. All observers realized that the New Brunswick verdict would represent a fair, honest and unbiased declaration of opinion. There was a heavy vote and adequate opportunity obtained for the electors to become acquainted with the rival policies of the parties. There is now only one Conservative Government remaining in the Provinces of the Dominion and that is Prince Edward Island, which votes next month. The Liberals of New Brunswick had very able leadership in the election campaign, and for some time past in opposition in the legislature. They have won their reward, and unquestionably the result is an indication of political thought throughout the country.

A NEW RAPPROCHEMENT

President de Valera, of the Irish Free State, is experiencing a change of heart regarding what his country's relationship should be with the United Kingdom. That change is easily understandable in view of the result of the latest by-election for the Dail, in which the party candidate of former President Cosgrave's United Ireland Party was elected by 11,016 votes for Dublin County. Mr. de Valera no doubt interprets this result, not only as a threat against his political power, but also as an expression of opinion against republicanism. In any case, he continues to make statements indicative of a kinder outlook towards the United Kingdom. He is anxious that there should be new economic sanctions. The last Irish budget showed how much the trade of the Free State is suffering because of the loss of British markets. It showed, moreover, that Ireland is farther away from becoming self-supporting than ever. There is great uneasiness among the agricultural population, and the Free State depends very largely on agriculture for its prosperity.

The overtures of Mr. de Valera are being heartily welcomed in London, in fact, they met with immediate reciprocation from Mr. J. H. Thomas. The next step is a conference to ameliorate the economic situation. It will be a happy day when the Free State, in its political affairs, gets back to a basis of common sense. The interests of Great Britain and Ireland are closely interlocked, and it is folly which has led to an economic rift. The prosperity of the Free State depends on a resumption of the old trade relations with what used to be its best customer.

SUSPENDED WAR DEBTS

In again postponing payment of a war debt installment to the United States, due on June 15, the British Government has notified that country that it is not yet prepared to resume discussions. In June last year the British Government explained to the United States why it was compelled to suspend war debt payments. Since then the essentials of the situation have not changed. Great Britain, according to a statement, appreciates the readiness of the American Government to discuss any proposal dealing with the situation, and is prepared to resume discussions when circumstances appear to warrant the hope that a result can be reached satisfactory to both Governments.

The statement from the United States shows the following amounts due from Great Britain: June 15, 1933, \$65,949,481; December 15, 1933, \$110,170,765; June 15, 1934, \$85,670,765; December 15, 1934, \$117,670,765; June 15, 1935, \$85,670,765. The total amount now due in installments is over \$465,000,000.

BASIC ENGLISH

The English language, more than any other, has the qualities desirable for a language for international use. It is now the language of the government of over 500,000,000 persons. It is the language most used in trade and in political discussions between the representatives of the different nations. A writer in The London Times says, moreover, that wherever any serious work of science is produced it has to be put into English if it is to have the attention of the greatest number of experts and the most important reading public. It is used in the wide market of moving pictures. The Times writer says no language is its equal in range of general value, no language is so simple or so elastic.

Mr. C. K. Ogden, of the Orthological Institute of Cambridge, has worked out a list of English words which have the power of covering the greater part of the range of man's interests. There are only 850 words in this list, yet by the use of these anything may be said for all the purposes of everyday existence. It is possible by two hours' work every day for a month to get a complete knowledge of this list. Because of this ease the claim is put forward that English should be the language for international usage. There are 1,500 languages in use in those countries which the radio has now reached. A common language is desirable for the expansion of trade, for the development of science, for the organiza-

tion of peace. In its way it is as important as the gold question.

The value of the new list for the use of Basic English is to be tested by experts in different fields. There is no doubt that it is a serious working system. It has been approved by such international authorities as Dr. Sven Hedin, Professor Julian Huxley, Professor Nemes (Prague), Count Coudenhove-Kalergi, Professor John Dewey, Mr. H. G. Wells, Mr. George Bernard Shaw, Walter Angermund (Deutsche Luft Hansa), Dr. Okakura (Japan), Dr. Otto Neurath (Holland) and a long list of others.

"SOCIALISM IN OUR TIME"

London's County Council has a Socialist majority that is endeavoring in a variety of ways to put Socialism into practice in the governance of the great city. It has initiated a scheme for the rating of empty properties. The property owner is always regarded by the Socialist as Public Enemy No. 1. He is to be pursued relentlessly, and his investment in real estate, so far as possible, rendered null and void. It is his fault, and his alone, if his property is not occupied. It is no concern of a Socialist Government that he draws no revenue from his investment. It is not too bad that such should be the case, but because of it there is to be no sanctuary from his oppressors. His is an offence in owning property at all, and he is to be heavily punished if he cannot find a tenant.

The Socialist Government of London estimates that vacant properties are costing the authorities in rates £1,500,000 a year. The owners must be fined for dereliction of a landlord's duty. "It has occurred to the Finance Committee (of the London County Council)," says The Morning Post, "that to make new properties liable for 'empty' rate as soon as they are ready for occupation, would be likely to discourage building, and so it is proposed to grant them exemption for six months. Yet it is the new building that notably helps to empty the old; so the unhappy owner of a tenanted house is not only to forego revenue, but to subsidize a formidable competitor. But let him not be downhearted. The County Council may promote its Bill; but with Parliament rests the duty to dispose of it. This ingenious plan for penalizing dereliction has a long way to go before attaining fulfillment."

THE MAN OF ARABIA

In his latter days, after the Great War, Lawrence's pride and many of his virtues were superhuman. He was one of those beings whose pace of life was faster and more intense than what is normal. Just as an airplane only flies by its speed and pressure against the air, so he could only fly in the hurricane. He was out of harmony with the normal, and when the storm wind stopped, he could with difficulty find a reason for existence.

In a religious age, and if he had been a religious man, the monasteries would have been his refuge. A harder task was reserved for him. He found it in the Royal Air Force. In an honorable service, "the simple round, the common task" furnished him with a way of living.

When Clemenceau came back from India in his old age the reporters asked him, "What will you do now?" He replied, "I am going to live till I die."

I do not see Lawrence's like elsewhere. I fear whatever our need we shall never see his like again. —Winston Churchill.

One might as well attempt to calculate mathematically the contingent forms of the tinkling bits of glass in a kaleidoscope as to look through the tube of the future and foretell its pattern.—Beecher.

If our inward griefs were seen written on our brow, how many would be puzzled who are now envied! —Metastasio.

Of all wild beasts preserve me from a tyrant; and of all tame, from a flatterer.—Ben Jonson.

No one loves to tell a tale of scandal except to him who has no love for it.—Jerome.

Note and Comment

E. R. D.

Cheerfulness, or joyousness, is the heaven under which everything but poison thrives.—Richter.

Mrs. Borm's was a simple soul, and her philosophy of life was simple and yet profound. We believe it was when Noddy went on a feline rampage that the simple old lady exclaimed, "Lor, let us be comfortable!"

The old world seems to be on a rampage, and most of the people in it are very uncomfortable. Too many of the people in the world seem to be determined upon making themselves and everybody else uncomfortable.

Uncomfortable, if there be such a word, appears to be a state of mind, and happiness. We suppose that in this part of the world there may be a certain amount of physical discomfort, but there is no actual physical privation. There is inequality in circumstances and in opportunity, but these things cannot be made right by holding meetings, passing resolutions, organizing movements, holding parades and marching upon Ottawa and making impossible demands upon governments, nor by any other methods of intimidation nor resorts to force which may culminate in violence and bloodshed.

In former times people were made uncomfortable by dread of torture in the life yet to be. In current times people are made uncomfortable by preachers of materialism which predicts that a new heaven will be established upon earth by raising Hades in the times that are to come.

That is the stuff nightmares are made of, and most of us know what nightmares are. But the times have been out of joint before, and in the end the disjointed members have been adjusted. There are periodical spots upon the sun, but the life-giving light continues to shine, and the seasons come and go with unfailing regularity. There are terrestrial as well as celestial eruptions, but the source of all life is at his zenith in this part of the earth this morning, and the physical conditions of the people are comfortable whatever the psychological state of those temporary leaders who are on a rampage and trying to mislead their credulous followers.

Could there be a greater exhibition of human folly and simplicity than the so-called marching of men upon the capital of the Dominion and making demands under threats of violence which governments have not the power even if they had the will to meet?

The deluded pilgrims have not only suffered great physical discomforts and endured bodily privations. They have inflicted mental distress upon those who sympathized with them by breaking the laws of the land and wantonly despoiling property. They have been told by the Prime Minister that order cannot be bullied by disorder, that the forces of the law are stronger than the rabble of chaos, and that the will of the people cannot be subordinated by threats of the mob.

For all existing social discomforts there must be responsibility. The chief responsibility, we suppose, must be on the times. When men who are eager to work cannot find work to do, there must be dissatisfaction and discontent. Busy men have no time to brood upon the inequalities of life or to listen to the insinuations of agitators who scorn labor as the lot of slaves. There are incendiaries who boast that they never have worked and who have no intention of ever working. One of this class has stated that he is employed by some unknown agency for the purpose of going from camp to camp of the unemployed and from place to place where there are employed, for the purpose of creating discomfort and discontent and promoting strikes.

There is plenty of evidence of the work of this class of mischief-makers in occurrences all along the Pacific Coast as well as in the camps of the unemployed.

The "disturbed" condition of the times provided opportunities for incendiaries, and to the extent that they took advantage of those opportunities they are directly responsible for the resulting disorders. But the Prime Minister has pointed out that other governments and communities are indirectly responsible for the descent of the representatives of the mob upon Ottawa. The pilgrimage was an act of folly, and yet the marchers were patted upon the back by emotional pulpsters, and supplied with funds by both men and women whose hearts were as soft as their judgment was bad. They helped them along the way. Mr. Bennett has admonished the strikers and rebuked their sympathizers. He has a delicate job on his hands, and it has not been made easier by the thoughtless acts of those who bestowed blessings and benefactions upon the law-breakers.

Heater, negro, had been in a railroad accident. The lawyer had just called.

"What you all want?" she asked. "I want you in getting damages."

"Damages, my eye!" reported Heater. "I don't get all the damages I want—what I crave is repairs."

PARK SERVICE TO BE HELD

Special Thanksgiving Ceremony Sunday in Honor of Dominion Day

The second annual children and young people's service will be held at the Beacon Hill bandstand at 3 o'clock Sunday afternoon as part of the Dominion Day observances and celebration. All young people are invited to participate.

Following is the order of the Thanksgiving service:
Announcer, Alex McD. Hall; selection, Salvation Army Band; hymn, "Onward, Christian Soldiers"; prayer, Rev. Canon Crocker; solo, Miss Ota Jespersen; Bible reading, Rev. James Hood; chorus, group singing, High School students of the Inter-Schools Christian Fellowship; elocution, Miss Christine Craig; address, S. V. Ware, of C.S.M. band; selection, hymn, "Stand Up, Stand Up For Jesus"; recitation, George Little; address, Mr. Marriot.

So much interest was evinced in the mass meeting of Sunday Schools and People's Societies held last year, that the committee is hoping for a still larger gathering to attend on Sunday. Space will be reserved wherever possible—some schools are parading to the park—others will meet at a given place, so that all will be with their teachers or leaders.

Make 'Em Hand Painted, Too
Had a good suggestion given to me the other evening by a red-headed friend of mine, who lives within a stone's throw of my place. Yes, it's concerning softball and the conditions existing at Central Park. As a matter of fact this matter takes in all the parks as far as the softballers are implicated. Here's the suggestion and it's a mighty good one, one which will help the umpires make their calls at the plate quickly. At Central Park and most other grounds, the home plate is the same color as the earth surrounding it, so why not put in better plates, or have the ones now in existence whitewashed or painted every once in a while. Right now it is difficult to know how some of the arbiters make their decisions. They certainly must keep their eyes glued on the hardly discernible edges of the plate. It's a good suggestion, so let's hope something comes of it. Thanks, Mr. Red-Head, for the tip.—J.D.

But Why on the Earth?
Motorcycle Officer George Clayards, of the city police, has a way with dogs. The other night a stray was brought into the police office by two girls, with a request that its owner be found. While waiting for the master to claim the dog, three officers, one detective and two reporters made unsuccessful attempts to have the dog perform. No luck. Officer Clayards came in and, in a knowing tone said to the little Boston Bull, "what about it old fellow." The dog responded immediately and "kissed" Officer Clayards on both ears at the latter's request.—W.J.H.

TRIBUTE PAID TO LATE F. LANDSBERG

Sunshine Inn Directors Express Regret at Loss of Highly-Respected Colleague

At the monthly meeting of the directors of the Victoria Welfare Foundation, with F. E. Winslow, chairman, presiding, a resolution of heartfelt regret at "the death and loss of our highly respected colleague, the late Fred Landsberg," was passed, and a letter sent to his daughter, Mrs. Fitzsimmons, expressing appreciation of the splendid example that his life inspired.

A report and itemized statement of Joseph North's endeavor for Sunshine Inn during the month of May, was submitted, and the acknowledgment and sincere appreciation of the directors was expressed.

FINANCIAL STATEMENT
The financial statement covering the month of May was submitted, and showed a surplus of receipts over disbursements amounting to \$134.69. (The surplus being principally due to Mr. North's contribution, which netted a total sum of \$277.90, the same having been already acknowledged to him and also through the press.)

An independent report covering the advantages and disadvantages to small children eating at Sunshine Inn, and outlining the present and future results in a comprehensive manner, was read and seriously considered by the board.

SUMMER CLOSING

Arrangements were confirmed whereby no worthy person would be compelled to suffer want during the period that Sunshine Inn will be closed, which will commence from July 1. A member of the permanent staff will be retained, and is required to be at Sunshine Inn between the hours of 3 and 4:30 p.m. each day, when any destitute, and finding themselves unable to provide food for themselves, can apply for an order for a substantial meal at a city restaurant. Meal tickets will be issued for a single meal at a time, and they will not be negotiable or transferable under any circumstances.

A total of 3,403 meals were provided in May, or a daily average of 110.

B.C. SAYS "NO" ON FARM ACT

Continued from Page 1
culated to increase discontent now prevailing in British Columbia with relations between the provinces and the Dominion.

RESPECTS WISHES

Mr. Bennett said the assistance given the Western provinces by the Federal Government in recent years rebutted any contention there was an attempt to discriminate against British Columbia. By starting litigation to have the act declared unconstitutional, the British Columbia Government had served notice it did not want it. That Government was close to the people and it was the duty of the Federal Government to respect its wishes.

To enter a legal battle in the courts would imperil the successful operation of the act in other provinces. To alter the act as British Columbia appeared to suggest so as to exempt debts due the province from adjustment would be to set up a discrimination between provinces.

Obituary

HAYMAN—Many friends attended the funeral of the late Charlotte Danby Hayman, which took place on Thursday afternoon. Rev. Gerald B. Switzer, D.D., conducted the service, during which the hymn "O Love That Will Not Let Me Go" was sung. Interment was made in Ross Bay Cemetery, with the following as pallbearers: F. I. J. Holmes, G. A. Carey and G. Kennard.

HUNT—The death occurred at the family residence, Tulip Avenue, Marigold, yesterday, of Robert Hunt, aged seventy-three years. He was born in Copebank, Hawke's Bay, New Zealand, and came to Canada and this province thirty-five years ago, and had resided in Marigold for the past sixteen years. He is survived by his widow; one son, Albert Hunt, Portland; one daughter, Mrs. Richard Wilkinson, Marigold; one grandchild, and one sister, Mrs. Mary Logan, Camrose, Alberta. The remains are resting in Hayward's B.C. Funeral Chapel, where the funeral will be held tomorrow at 2 p.m. Rev. F. Conley conducting the service. Interment will be made in St. Michael's Cemetery, Royal Oak.

CARTER—Funeral services for Mrs. Mary Douglas Aird Carter, aged fifty-one years, of Nanaimo, B.C., who died on Tuesday at the Royal Jubilee Hospital, will be conducted tomorrow at Sands Mortuary Chapel at 2 p.m. Interment will be made in Royal Oak Burial Park. Mrs. Carter was born in Edinburgh, Scotland, and had resided in Duncan for some time. Mrs. Carter graduated as a nurse from the Royal Jubilee Hospital in 1910. She is survived by her husband, Henry Carter; two daughters, Isabel and Helen, at home; her stepfather, William Wright, of Duncan; three brothers, Robert, Hattie, Langford, John, Vancouver, and Oswald, in England.

The First Dominion Day

Within a few months of Confederation (July 1st, 1867), the EMU Company came into existence. In those days the pioneering of Australian Wines — like the pioneering of the Fathers of Confederation — was difficult work.

But we have won through. EMU Wines are now deservedly popular throughout the Empire. Two wines which have made a considerable reputation throughout Canada are EMU 444 and EMU 999—White and Tawny Port. They are produced on our own vineyards at Morphet Vale (South Australia); aged in the wood and are wines of outstanding quality.

They cost you considerably less than Foreign Port of equal quality because their Empire origin entitles them to a preferential tariff when entering Canada.

NEW CONDUCTOR IS APPOINTED

Frederick W. Hart Takes
Over Leadership of Victoria Ladies' Choir

The executive committee of the Victoria Ladies' Choir announce the appointment of Frederick W. Hart as conductor for the coming year.

Mr. Hart began a successful career as choirmaster at St. Martin's Church, Brighton, England, besides being actively engaged in operatic, choral and band work.

Following a physical breakdown, he came to Red Deer, Alberta, as the most suitable climate. Upon the recovery of his health, he became choirmaster under Canon Hinchliffe, who was then rector of the Anglican Church at Red Deer. Again his choral, operatic and band work was a success.

Mr. Hart again served as Canon Hinchliffe's choirmaster at Chatham, where his choir was particularly successful in Gilbert and Sullivan's light operas. He also conducted the 10th Regimental Band (Fraser Valley Regiment).

SERVED IN GREAT WAR

During a visit to Victoria, Mr. Hart conducted for service in the Great War. He was appointed sergeant-instructor of the 1st and 16th reserve bands. Now he is assistant conductor of the Philharmonic Society of this city.

A careful study of the mechanics of the voice and ear has been made by Mr. Hart, and he is well qualified to teach all branches of voice production.

The members of the Victoria Ladies' Choir are looking forward to a most profitable year, and some unusually varied programmes are being planned for the coming season.

Any person desiring to join the Victoria Ladies' Choir may obtain a membership application form from Mrs. J. E. Glover, 1709 King's Road, telephone Empire 9819.

SALARIES WILL BE INCREASED

Six Duncan Teachers to
Benefit From Decision of
School Board

DUNCAN, June 27.—At last night's meeting of the Duncan Consolidated School Board, held at the City Hall, the board went into committee to consider the application from the teachers for a restoration or partial restoration of salaries to pre-depression figures. The decision reached was to increase salaries slightly in six cases. Those benefiting will be the principals of the high and elementary schools and four teachers in the lower salary bracket.

W. M. Gibson was appointed to the permanent staff of the Duncan High School. He was appointed a year ago on probation, and the action taken last night followed the receipt of a very favorable inspector's report.

Miss Nancy McEwan, for some years a receiving class teacher, tendered her resignation, owing to her approaching marriage. This was accepted with regret, and the board is calling for applications to fill the vacancy.

The tender of J. W. Mawbey for the supply of fuel to city schools was accepted. He was the lowest tender. J. E. Saunders was awarded the contract for painting the Junior Elementary School and William Dobson that for painting the primary and high school roofs.

A committee was appointed to frame resolutions to be brought before the September convention of the British Columbia Teachers' Association. The committee's report will be submitted to the next board meeting.

Memorial Ave. Improvement Is Requested

W. T. Straith, G. M. Irwin, Kenneth Ferguson and W. H. Warren, representing the town planning and beautification committee of the Tourist Trade Development Association, waited upon the Saanich Council last evening with a request that Memorial Avenue be improved and kept in better condition by the municipality.

Mr. Straith pointed out that \$250 remained of a trust fund to plant permanent trees along the avenue. Learning from Mr. Warren that it would require about \$250 per annum for upkeep, the council promised to consider the matter.

TWO COUNCILLORS OPPOSED TO LOAN

Saanich Seeks to Borrow \$16,300
From Provincial Government
For Work on Roads

With strenuous opposition on the part of Councillors Larry C. Hagan and H. D. Cotton, Saanich Relief Loan By-Law was given its preliminary reading by the Saanich Council last evening. Its terms provide for the borrowing of \$16,300 from the Provincial Government to cover the municipality's share of the cost of direct relief.

Terms of the loan state that it shall be covered by issuance of a treasury note and interest of 5 per cent, amounting to \$817 per annum, shall be paid each January 20 and July 20. The application certificate also sets forth that the loan shall be a direct charge on all revenues of the municipality and shall have priority over all other claims of every person.

Between January and June, Saanich spent \$16,296.83 as its share of direct relief. The loan has been earmarked for roadwork in the wards.

The great distinction between electrolysis and all other treatments for the removal of superfluous hair is that it is absolutely sure and permanently destroys the hair instead of temporarily removing it from the surface, and the pain is just the ordinary stinging sensation peculiar to all electrolytic treatments. Saanich Association Will Be
Host at Beaver Lake on
Dominion Day

Following a custom that had been carried out for many years, the Saanich Conservative Association will hold an annual outing and field day on July 1 at Beaver Lake. It was announced yesterday by Brian Hoole, president.

The affair will be open to Conservatives resident or visiting in Greater Victoria, and will take the form of a basket picnic, commencing at 1 o'clock. An excellent programme of sports has been arranged for adults and children, with a fine array of prizes.

Mrs. F. F. Osborn, convening the prize committee, will present awards after field and track events have been run off.

Mr. Hoole stated that, due to unforeseen circumstances, speakers invited to address the gathering cannot be there. Addresses will, therefore, be eliminated.

Municipal Chapter Hears Account of National Sessions

Mrs. P. E. Corby Gives Detailed Report of Annual Meeting Held in Ottawa — Important Points Emphasized—Convention One of Inspiration

MRS. P. E. Corby, who acted as the provincial delegate from British Columbia to the thirty-fifth annual meeting of National Chapter, I.O.D.E., in Ottawa in May, gave a most interesting and well-constructed report of the proceedings of the meeting before a large gathering of members of Municipal Chapter, I.O.D.E., last evening at headquarters.

The report had been carefully by the hostess chapter to the visiting delegates, no effort being spared to insure their comfort and well-being during their stay in the Capital. The meeting was attended by 225 delegates, who, together with the members of local chapters, brought the average attendance up to 300. The meetings were held in the Chateau Laurier, of which Mrs. Corby painted a vivid word-picture.

"It has been said that all annual meetings are very similar," said Mrs. Corby at one point in her report, "but I do think that this particular one was of more than average interest and significance, in that it was the annual meeting of our National Chapter, held in our National capital, during the Jubilee month and year of His Majesty's accession. In such a situation, I think we all felt very keenly the wonder that is our Empire and the part that we, as Daughters of the Empire, have played, and can continue to play, within this great British Commonwealth."

OPENING SERVICE

The description of the opening service of interest was of special interest, as was also the account of the Peace Tower and the memorial

chamber, which one felt, said Mrs. Corby, was "the heart of Canada." Resolutions had been received, among which was the following: The Port Credit Chapter of Ontario, expressed strong objection to the publication and circulation of obscene literature and asked that the department of the Legislature be invited to examine these publications, with a view to their strict censorship. After obtaining information from the Federal Department of National Revenue, it was found that this was a strictly Provincial matter and nothing to do with the Federal authorities.

Among the new chapters formed during the past year was one in the most northern part of Alberta, known as the Christina Gordon Chapter, named after the first white woman in that district, its membership composed entirely of the wives of miners.

It had been gratifying to note that the circulation of "Echoes," the magazine of the order, showed an increase of 869 over 1933, with total subscriptions amounting to 2,058.

Highlights of the reports of the conveners of committees including Work in India, League of Nations, press and publicity, and the educational work of the order, were cited by Mrs. Corby and the bureau holders reported to be fully justifying the confidence placed in them.

STUDY ENCOURAGED

Empire study was part of the I.O.D.E. work which had been discussed at length, and it was suggested that the members, as Daughters of the Empire "educate ourselves more thoroughly in public affairs and become increasingly an influence to aid in averting the catastrophes by which we are threatened."

Regarding the efforts being made by the national film committee, it was reported at the meeting that the widespread campaign for better pictures in the United States had made a sensible impression on the Hollywood producers, the percentage of acceptable pictures from this source having markedly increased, and the excellent British propaganda which had been pouring out of Hollywood for the past few months "must surely rejoice the hearts of all daughters."

IMPERIAL ASPECT

"I have often wondered, as you may have done," Mrs. Corby continued, "why we are called an 'Imperial' order, when our activities are confined to the Dominion of Canada. The original idea of our founder, Mrs. Clark Murray, was that an order should be formed for the purpose of drawing together the women of the Empire, not alone those of the Dominion. I asked whether it would not be appropriate in this Jubilee year to organize an Imperial Chapter in London, with a membership open to all Canadians resident in the Old Country. The reply I received confirmed a view I had always held, and that was that such a chapter, being 'Imperial' would actually be the governing chapter of the order, throughout the Empire, and you will quickly realize that our national chapter at Toronto was not very keen to lose the prestige it now possesses in that respect."

In closing, Mrs. Corby spoke of the valuable help and inspiration which such a gathering as the National meeting was bound to create, and which she was privileged to attend as spokeswoman of the British Columbia Provincial Chapter.

At the conclusion of her report, Mrs. Corby was accorded a standing ovation, and was presented with a bouquet of flowers.

After the meeting adjourned, Mrs. Corby entertained the members to refreshments, and was showered with praise by individual members for her outstandingly fine report.

BY NINA WILCOX PUTNAM

With reference to the burning question of unemployment among single women, Mrs. Cushing, in talking to a Colonist representative, spoke of the move made by the City Relief Department of London, Ontario, in which the Y.W.C.A. of that city was given charge of the interviewing of all such women in connection with relief matters.

Thus the ordeal of having to meet the public relief office and explain the problems facing these women, was overcome, and a kindly and sympathetic hearing was given to each applicant by the trained Y.W.C.A. workers. Follow-up work had also been left in the hands of the Y.W.C.A., with excellent results.

Mrs. Cushing spoke of the value of the loan fund for girls in temporary financial straits, which has

There is a bank in Calcutta, in fact, that is managed and operated by women. This is doing a great deal towards encouraging other women to open accounts of their own."

New General Secretary Starts Her Work Here

While yet not in a position to be established by the Local Council of Women in London, and this had proved to be most successful, and many a girl had been aided over difficult times.

Mrs. Cushing succeeds Miss Blackley as general secretary here, and is particularly happy that, as she is an old friend of Miss Blackley, who is now in Vancouver, their work will be closely allied. She is looking forward to seeing Victoria, about which she has heard so much, though at present her time is fully occupied in familiarizing herself with the records and files dealing with the association here.

MR. AND MRS. ABRAHAM HATFIELD

OF New Canada, Conn., have closed their magnificent country establishment, "Stepping Stones," and on a three years' tour of the world are photographed in the little walled rose garden which they greatly admire, at the Empress Hotel, where they are staying here. "Stepping Stones," in the early English manner, is built of hand-hewn stone. Its treasures have been collected from the far corners of the earth. Its grounds include a formal Italian garden.

Cheerfully acknowledging themselves as among America's "new capitalist poor," Mr. and Mrs. Hatfield are traveling through America and Canada before sailing for Honolulu, the Orient and New Zealand. From Victoria they go to Banff, Lake Louise and Emerald Lake.

Social and Personal Notes

Shower for Bride-to-Be

An enjoyable party was held on Wednesday evening at the home of Mrs. H. G. Field, 920 Selkirk Avenue, in honor of Miss Gladys Marchant, who is to be married shortly. The bride-elect is well known in musical circles and has delighted audiences in Victoria on several occasions. She was presented with an early Victorian bridal bouquet made up of roses and bride's blossom, with streamers of blue ribbon and tiny rosebuds, by Mrs. W. DeRose (Edmonton). The dainty gift was concealed in a box, unique and appropriate, being covered with silver paper beautifully decorated with bars of music, in staff notation.

This was presented by Miss T. Field. Bridge was played, as the bride-to-be belonged to a bridge club. During the evening Miss Marchant sang a solo, accompanied at the piano by her cousin, Miss Doreen Caldwell. Refreshments were served by Mrs. Field, the table being covered with a lovely lace cloth, centred with a magnificent bowl of pale pink roses, and smaller bowls of bride's blossom surrounding it. The guests included Mrs. W. DeRose (Edmonton), Mrs. P. J. Campbell, Mrs. V. Taylor, Mrs. C. W. Hawkins, and Misses Doreen Caldwell, Grace Hendry, M. Baker and T. Field.

Party for Bride-to-Be
Miss Eileen Shotbolt, a popular June bride-to-be, was the guest of honor at a miscellaneous shower held at the home of Mrs. S. G. Gurney, 3020 Quadra Street. Miss Shotbolt was escorted into the drawing-room by Betty Paul and Betty G. Bailey. The invited guests were: Miss Eileen Shotbolt, Mrs. A. H. Shotbolt, Mrs. Scott, Mrs. F. B. Holland, Mrs. J. Strang, Mrs. Hunter, Mrs. J. Watt, Mrs. W. Maynard, Mrs. T. Morrison, Mrs. Clyde, Miss Gertrude Scott, J. Williams, Hazel McMahon, Hazel Clyde, Elsie Harle Bailey, Betty Paul, Betty Gurney and Master Strang Gurney.

Shower for Bride-to-Be
Miss Elsie Matthews and Mrs. T. Kay were joint hostesses on Wednesday evening at a miscellaneous shower at the home of Mrs. Kay, Lulu Street, in honor of Miss Edna (Teddy) Matthews, a July bride-to-be. Master Robert Kay assisted in opening the gifts, which were presented in a wagon decorated in shades of pink, green and silver, the same color scheme being carried out on the table. The invited guests were: Mesdames L. L. Matthews, R. Endean, J. Provan, W. Provan, W. Smith, J. Rutter, G. B. Murdie, R. C. Gibson, R. Caldwell, L. B. Matthews, H. Miller, A. Creffield, C. Ward, E. Cross, E. Young, E. Cooper, L. Price (Seattle), Misses Evelyn Telford, Edith Corrin, Jean Crossen, Jessie Morrison, Ruth de Gruchy, Winona Chalmers, Kay Caldwell, Irene McAdam, and B. Smith.

Joint Hostesses
Miss Helen Wells and Miss Muriel Walker were joint hostesses at the latter's home, 163 Bushby Street, on Wednesday evening, when the guest of honor was Miss Mabel D. Johnson, a July bride-elect. Miss Johnson was presented with a corsage bouquet and a Fostoria crystal console set by little Miss "Jo" Walker from the friends and members of the bridge club. The evening was spent playing bridge, and later a buffet supper was served from the daintily decorated table. The guests included Mesdames C.

R. Walker, W. E. Wells, S. Johnson, E. C. Morris, A. C. Gordon, N. Goyette, Misses Evelyn Dods, Jean Kerr, Edna McKenzie, Muriel Carter, Kay Barker, Drucilla O'Neill, Hilda Allen and Grace Duncan.

Miscellaneous Shower
A miscellaneous shower was held last night at the home of Mrs. E. Clark, Fernwood Road, when she entertained in honor of Miss Freda Rippingale, whose marriage to Mr. Harold Bradshaw, of Duncan, will take place shortly. The gifts were concealed in a cedar chest. Bridge was enjoyed, and a buffet supper served, the table being prettily arranged with orange blossoms and sweet peas. Assisting the hostess in serving was Mrs. A. Hughes. Other guests included: Mesdames C. Rippingale, I. Mayhew, Bryce Stewart, B. Nex, H. Jones, R. Watson, C. Bradshaw, N. Collins, J. Clark, Roy Pitzer, Lorne Bradshaw and Miss C. Atherton.

Children's Party
Lady Barnard was hostess at a most delightfully arranged children's party on Wednesday afternoon at "Clovelly" in honor of her grand-nephew, Master Barney Loewen, son of Capt. and Mrs. Charles Loewen, who was celebrating his third birthday. The children present were Susan and Alice Robertson, Bonnie Wilson, Alistair Cousland, Sally Wood, Louise Roy, Nancy Carmichael, Jeremy Hicks, Kenney Barnes, Graham Roberts, Pat Greer, Annette Cabellou, Bobby Hartman, Perry Simpson, Diane Bevan, John Wood, Jacqueline Ellis, Cornelius Mitchell and John Loewen.

Club Enjoys Outing
The Volunteer Club members closed their year's activities by celebrating with a picnic at Mr. Butchart's Gardens on Wednesday. Later, a delightful dinner was served by Miss Hazel Lamont, hostess at the Anchorage Tearooms. A ride by motor launch at sunset on beautiful Brentwood Bay brought to a close a very enjoyable outing. Those present were: Mrs. Ada McIntosh, Mrs. D. K. Kennedy, Mrs. A. M. Somers, Mrs. Cox, Mrs. W. J. Gurney, Mrs. C. H. O'Halloran, Miss Eunice Allen, Miss Kathleen Roberts, and Miss Amy Conyera.

NEW B.C. BOARD IS ANNOUNCED

Five Officials Will Direct Provincial Apprenticeship Scheme

Creation of an apprenticeship board in British Columbia was announced yesterday by Premier Pattullo, as the first formal move by the Province under the Apprenticeship Act passed at the last session.

The board is to direct Provincial Affairs in a plan looking to encouragement of apprenticeship training in suitable trades, along lines announced by Hon. G. S. Pearson in the Legislature.

The board will be composed of three members of the Executive Board of Industrial Relations: Dr. W. A. Carothers, Adam Bell and James Thompson; together with J. K. MacRae, barrister, and Col. John Keen, the Premier said.

For some time past the Department of Labor has been at work on preparation for the inauguration of the scheme, designed to dovetail with technical training and other services under provincial control.

Details of the scheme have not yet been announced.

One of the more or less harmless ways in which the American male himself is alluding to the "master bedroom."

AM I "WONDERFUL"—"MARVELLOUS"?

HOW MANY men who read this article would not be thrilled to have men and women by the score come to them constantly and say, "You are a wonder." "What an extraordinary man for your age." "You are marvellous?" I know enough of human nature to assert positively, very few. And of perhaps 98% of men it would be as untrue as it is unlikely to be said, because 98% of men choose to drift with the conventional tide of living, and especially feeding, habits. Man is the outward expression of his thoughts and living habits, and ordinary habits of thinking and doing cannot make other than ordinary men.

Audiences all over this continent can bear witness that scores crowd about my platform nightly, following my lectures, and in my 78th year tell me how "wonderful", "marvellous", etc., I am. Comparing me with most men of half or even one-third my years, I doubtless am something of a marvel. But from the viewpoint of nature, and comparing me with what all men ought to be I am only normal, what everyone might be who followed rational food and other living habits instead of the conventional habits of the unthinking mass.

I am just as positive that these enthusiastic tributes to my physical and mental condition would never be made if I ceased to feed myself foods that build a vital, vigorous body, and used instead civilization's conventional denatured and dead foods, as I am that I shall be just as immune from colds, sickness, fatigue as I was last winter. It is all a matter of obedience to Nature's health laws. Intelligent readers will ask, "What is the way to begin to live rationally?" My answer is to begin to build the body out of the kind of building materials which nature devised for that purpose, natural and vitalizing foods. The best of these are fruits, vegetables, milk, Roman Meal, Bekus-Pudding, Lishus and the alkali-forming beverage Kofy-Sub. Give me these natural healthy body-builders and you choose what you will and I shall continue to be a "wonder", a "marvel", etc., regardless of years. And you? Will you dare to dare disease as I freely and fearlessly do? No, you dare not dare. Roman Meal, Bekus-Pudding, Lishus and Kofy-Sub I value more highly than all the other foods combined. Anyone who will use these foods freely for only three months will

Tangled Love

by Margaret Gorman Nichols

happened in her life she would always have that. She lay there happy—all else obliterated from her mind.

An hour later they were breakfasting gaily in Scott's room. Ned had gone out for fruit and eggs and bacon. Linda had prepared everything.

"Eggs and bacon are my only specialty," said Linda.

Noel ate, her eyes following Scott wherever he went.

"Now," said Linda, being practical and looking most impractical in her clean smock, "pool your wisdom and tell Noel what to do."

"I'd much prefer telling her aunt where to go," said Ned.

Scott, standing over the fireplace with a cup of coffee in his hand, said, "I don't think she should go job hunting right away."

"But I've got no money," said Noel.

Ned shrugged and laughed. "Neither have we and see what a flowery we have."

"I agree with Scott," said Linda. "Let Noel rest before she's somebody's typist or clerk. I know... I'll do that painting of her I want to do."

"But I've got no money," Noel protested.

"We'll all share equally," said Scott.

Love is a game, Noel, and you and I don't play good cards. Scott is wrong and he will have to find it out. It will take some beautiful woman, shallow and superficial, to break his heart and bring him down to earth.

"Then it will be..."

"You. I've watched him since he's known you. I've walked in his room and seen him sitting there, smoking, thinking. You make him think and wonder if perhaps he isn't wrong. He wants to worship the woman he marries and he doesn't realize that the woman he is looking for isn't capable of a great or enduring love."

"You'd give him up to me, Linda?"

"I had given him up before I knew you," she sighed and smiled. "I want him to love you. You're very young now, but it's best to love when you're young. When you get older, it isn't the same."

"Noel looked down at her hands. 'I'm glad you told me this. I've been foolish, I guess. Now I'll know better.'"

Linda took a step forward. "Don't turn away from him now, No. don't do that. Don't let him know you know this. Be the same as you were last night." She walked up to Noel and put her hands on her hair. "You shouldn't be unhappy. I've loved him for a year and you've had so much more than I have."

"But I can't believe," lifting her eyes, "that any man as brilliant as he is can want a woman who is only—merely beautiful."

Hard as Noel tried not to think of Elinor, the thought of her per-

"I have no right to do this," he said. "If I could tell you that I loved you and then ask you to marry me, then I'd have the right."

Scott. "We won't miss what you eat."

"If you had my appetite, it would be different," said Ned. "When Scott's novel is accepted, we'll dine like kings."

"Is it agreeable to you, Noel?"

Linda smiled. "I feel as though I am a sick child and three doctors holding consultation over me."

"It's settled, then," said Scott. "There are four when there have only been three," said Ned. "The more the merrier."

"I've got to mail the manuscript and then teach my class at the business college," said Scott. "Noel, when Stephen finds out about this, there's going to be trouble on the island. He's in New York to see his father and he'll be back in a few weeks."

"I've thought of that, too. But I want you all to accept his invitation and go on the cruise just the same."

"Well, see about that when the time comes," Scott said.

Ned went back to his room and Scott went out. Linda and Noel went upstairs after washing the dishes.

"Now," said Linda, "I'm going to drap you in black velvet, pin an artificial gardenia on your shoulder and paint you. And this portrait will be my wedding present to you."

"You won't make any money out of it."

"A wealthy woman paid me enough for painting her two boys to keep me for a time."

Linda painted in a serious mood. Noel sat quietly, her tan shoulders draped in velvet with a gardenia at her throat. She was thinking of Scott and of last night. And Linda, quick to note a change of expression, stopped abruptly, looked at her, and remembered Scott's face when he had put Noel on the bed last night and looked at her.

For a fraction of a second their eyes met. Noel came back to reality from her dream and saw Linda staring at her with a white face under the cap of red curls.

"Noel," Linda asked, "do you love him, too?"

Linda put down her brush. "I love Scott," Noel said. "Linda, do you..."

"Yes. Oh, my dear, you and I both love him and he loves neither of us. I know him better than you. He's a fine man. There is none finer. Women love him because he's the sort of man all women want to love. But Scott doesn't want a sweet companion such as you or I would be. He wants a woman he can worship and adore and protect. He can't protect us because we don't need protection—we are strong."

"Last night," said Noel, "he tried to tell me something. He held me close to him and kissed me and told me I loved him. But I know he didn't love me as much as I want him to love me."

"I have never told him how I feel toward him," said Linda. "I couldn't help it. I didn't think I..."

"I know, but I am older than you, Noel. I know Scott well. But where love and marriage are concerned he has very definite ideas. He said to me once, 'The woman I shall love with all my heart must be as beautiful as a dream. I want to give her everything in the world and I want her only to love me and be with me. I have a good pal in you, Linda, but I could never love a good pal.' You see, Noel?"

"His idea of love isn't my idea," Noel said. "Nor mine." She laughed bravely. "We two love the same man."

The lunch boxes were opened at twelve and the sandwiches and cake disappeared rapidly.

"When Scott and Ned are famous writers, we'll take caviar on our picnics," said Linda.

"I hate the stuff," said Ned. "I'll take ham and cheese on rye."

"I wonder," said Noel, "if they'll go on picnics at all."

"On the front lawn of our various estates," said Scott.

"Is all the ginger ale gone?" Ned asked. "I'm thirsty."

Forests Are for Use, Not Abuse. Be Careful With Fire. Prevent Forest Fires—It Pays

Island Freight Service LTD.

514 CORMORANT STREET

FLOATED ON RISING TIDE

Tug George E. Foster Liberated by Island Tug and Barge Co. Craft

Hauled off Pelly Rock on a flooding tide at 3 o'clock yesterday afternoon, the tugboat G. E. Foster, which went ashore in the early morning while towing a Davis raft to a mooring in the Inner Harbor, left for Vancouver last evening, and on arrival there will be hauled out for inspection. Damage, if any, is probably slight.

Salvage work was begun by the Pacific Salvage Company within a short time after the Foster went aground. The tug Respond, of the Island Tug & Barge Company, went alongside with a derrick scow, and other equipment; and, as the tide fell, the Foster was kept from listing dangerously when wire cables were passed under her hull fore and aft.

The G. E. Foster is owned by the H. L. Johnson, Walton Company, Vancouver, and is registered at Prince Rupert. The raft, containing 750,000 feet of fir logs for Canadian Western Co. Co., was towed from Nootka, on the West Coast of Vancouver Island. Her skipper is Barney Johnson, Jr., son of Captain Barney Johnson, one-

time British Columbia pilot, who served in the submarine service during the Great War.

The Foster is 229 tons gross, is 118 feet long, 22 feet beam and has a draft of 11.5 feet. She was built at Selby, England.

Clean, Cool and Covered

(Health Service of the Canadian Medical Association and Life Insurance Companies in Canada)

No one gets any real pleasure out of paying taxes or doctors' bills. We all would much prefer to spend our money upon the things we want rather than to meet the expenses of an illness we never did ask to have, or to pay for public services about which we know so little.

If the average citizen could be convinced that his taxes were used for his benefit, then he might be more content to pay his taxes. Let us take one example of the proper use of tax money that attention is now directed.

Just a few years ago, the wards of our hospitals were crowded every Autumn with typhoid fever patients. A considerable number of these recovered, a much greater number suffered more or less permanent disabilities. It is but a few years since thousands of babies died every year from "Summer complaint."

It is not just a matter of good luck that times have changed. Typhoid fever is comparatively rare in modern cities, and intelligent mothers no longer fear for their babies during the heat of the Summer months. This has come to pass because

your taxes have been used to provide safe water and pure milk, and public health nurses to instruct mothers in the care of their children. The saving of life is a high dividend upon the investment. One case of serious illness in a family is more costly than taxes, without attempting to estimate, in terms of finance, the cost of human misery and suffering.

It is highly desirable that taxes be not wasted, but wasted this money is if the pure and safe milk which the payment of taxes insures is handled carelessly, after delivery, in the home.

A safe milk supply is secured through inspection and pasteurization. This means that milk is obtained from healthy cows, is handled in a clean manner, and is pasteurized to destroy any disease-producing germs which may have gained entrance to the milk. The pasteurized milk is then placed in sterilized bottles, and kept cool until delivered to the consumer.

In order to insure that this milk will continue to be pure and safe in the home, it must be kept clean, cool and covered. Wash off the top of the bottle in running water before removing the cap. Never use the cap a second time; either pour the milk into a clean jug with a cover, or place the bottle in a cool place. Do not leave it standing in a warm room. See that it is covered to avoid contamination by flies and insects.

Keep milk clean, cool and covered. Questions concerning health addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

TEN MEN WORK ON WATER BANDSTAND

First Concert to Be Given Monday in Harbor Under Direction of Frank Tupman

Ten men from Luney Brothers, Ltd., are working on the Tourist Trade Development Association floating bandstand at the foot of Fort Street in order that it may be finished in time for a special concert to be arranged by Frank Tupman on Monday.

Upon completion of the bandstand and shell, the scow bearing it will be anchored in the Inner Harbor opposite the Causeway in a position which will not interfere with yacht moorings. Permission from the Provincial Government is being sought for use of the grassy slope on Belleville Street to erect seats for 1,000 persons for a series of band concerts.

Current will be supplied for illumination by the B.C. Electric, probably through an underwater cable.

NOTICE TO MARINERS

CHALLENGE IS MADE BY YOUTH

Russell Twining, U.B.C. Student, Addresses Conservative Women's Club

Personally convinced that with Conservatism rests the responsibility for the solution of the nation's problems of the present hour, Russell Twining, a clever young political economy student from the University of British Columbia, last night threw down something in the nature of a challenge to the leaders of the party when, in the course of an address to the Conservative Women's Club, he declared that the intelligentsia of his generation would be apt to take a stand against the established methods of doing things if they were refused the opportunity to pool their ideas with those of men who have been working unsuccessfully for years on these questions.

Picturing the thoughtful members of his own generation as anxious to help yet "groping blindly for a place in the political scene where they can work conscientiously and with conviction," the speaker outlined his reasons for believing that the Conservative Party offered the best avenue for their energies.

UNDER CRITICISM

"We have submitted the old ideas of free business and party government to searching criticism, and have found them decidedly wanting. We have not been satisfied with the capitalist system or with democratic government as operated in recent years. This is not to say that we would overthrow party government, but rather that there is need of improvement," he said. "Because he disliked 'the disruption that Socialists preach,' because he recognized the danger of Communism, and because, the former of which, particularly, was attracting some of the most brilliant and intelligent young Canadians at the moment, he felt the old parties, especially the Conservative Party, should make a place for them. Compromises would doubtless have to be made both by old and young, but the pooled contribution of ideas should lead out of the economic quagmire."

ONLY ONE PARTY

"I am firmly convinced that there is only one political party in Canada that can achieve real results out of this united action of youth and middle age, and that is the Conservative Party. No party has a greater wealth of tradition, a grander history behind it. It has never committed itself to a system, it has not bound itself up with any particular social order; it is the party of progress. On the other hand, the most outstanding fact in Canada are Premier Taschereau, of Quebec, and the Rt. Hon. MacKenzie King. Today there is no more liberal reforming to be done unless it is reforming of Liberalism. Throughout the last century, when laws concerning the welfare of workers in factories and mines were passed in the Old Land, it was the Conservative Party, not the Liberal, that passed them. The young people today want regulation of business. The Liberal Party cannot, or will not, do this. On the other hand, to be Conservative is not to be reactionary, yet it is not to resist change. Rather does it welcome change."

Mrs. Kate Palmer presided, and Hugh Allen said a few words of thanks to the speaker. There were two much-encouraged soloists: Mrs. F. Noel and Miss Catherine Dennison.

Scene Where Prisoners Held Guards

This is the scene of the dramatic barricade of 299 prisoners in the loading shaft of the Kansas State Penitentiary mine near Lansing, Kansas. The main entrance of the mine is adjacent to the prison wall above. The convicts attempted to seize the gun cache, but were forced to retreat. Twelve guards were held as hostages by the mutinous inmates. Warden Lacey Simpson (inset) appealed to the Federal penitentiary at Leavenworth for gas masks and tear gas to quell disturbance.

PRIZES GIVEN TO STUDENTS

Glenlyon Preparatory School Holds Presentation Ceremony at Close of Term

The annual prize-giving of Glenlyon Preparatory School was held on Thursday morning, when Rev. Canon Nunns addressed the boys and presented the school prizes for the year's work.

The headmaster, Ian Simpson, briefly reviewed the progress made in all branches of the school activities, and paid a tribute to the members of his staff, and to the parents for their interest and co-operation. Examples of drawing and painting done by the boys, under the direction of Mrs. I. D. D. Unthoff, were on exhibition.

Another feature of the day was the inspection of collections made by the boys in the nature study competition. The school closed that afternoon for the summer holidays.

The prize list follows:

PRIZE LIST

Little Stories for Bedtime

The Joy That Was Turned to Rage

By THORNTON W. BURGESS

High up in the blue sky, coming swiftly from the Sunny South, were Redtail the Hawk and his broad-winged wife. They were no longer journeying slowly, swinging in great circles as they had been doing. They were within a few miles of the Green Forest now and eager to get there.

You know that the members of the hawk family have wonderful eyes. They can see a very great distance. While yet so far away that had you or I been in Farmer Brown's dooryard we could not have seen them at all, they saw not only the Green Forest and Farmer Brown's House and the Green Meadows and the Old Pasture, but all the different things therein.

"There's the big hickory tree by the Smiling Pool!" cried Redtail.

"There are the chickens in Farmer Brown's henyard!" cried Mrs. Redtail.

"And see, there is Reddy Fox asleep on his doorstep in the Old Pasture!" exclaimed Redtail.

"And there is my favorite tree

over by our home in the Green Forest!" cried Mrs. Redtail joyously. "And there's our nest just as we left it!" shouted Redtail. "I was afraid that the Winter winds might have blown it down, but there it is!" Suddenly Redtail checked himself and swung up higher in the sky where he made a small circle that he might better use his keen eyes. "There's someone in our nest!" he screamed, and his voice was harsh with rage.

"I don't believe it! There can't be! Who is there would dare do such a thing?" shrieked Mrs. Redtail as she, too, began to swing in a small circle.

Suddenly Redtail snapped his bill with a sharp click. "It's Hooty the Owl. He and Mrs. Hooty have stolen our home." And without another word Redtail shot down toward his old nest in the Green Forest. Mrs. Redtail close behind him.

Just above the top of the tree in which was their old nest they checked themselves, glaring angrily

All their joy had been turned to rage.

to rage. It was a sad home-coming. Next story: A bad scene in the Green Forest.

That Body of Yours

(By James W. Barton, M.D.)

FOOD, NOT THE DISTENDED STOMACH, BRINGS ON ATTACKS OF ANGINA PECTORIS. In angina pectoris—breast pain—when the pain comes on during effort or exercise some interesting experiments are recorded by Drs. E. J. Wayne and A. Graybiel in Clinical Science, London.

As so many attacks occur after eating there has always been the question of whether it was the food eaten or the distension of the stomach which caused the attacks.

In six of these cases they observed the relationship or effect of food and the distending of the stomach with air, in causing attacks of angina pectoris.

Thus they found that after a heavy meal the amount of exercise that could be taken without bringing on an attack was 25 per cent less than before the heavy meal was

eaten. In these same six cases the stomach was filled with air (which was thought would crowd the heart and bring on the attacks sooner). Even when enough air was put into the stomach to cause distense and to displace the heart, the individual was able to do the same amount of exercise without an attack as before the stomach was filled with air.

This then would tend to prove that the amount of exercise an angina patient (whose attacks come on from effort) can take without an attack is lessened because of the increased work the food gives the heart to do, and not because of the distended stomach.

In normal individuals free from angina or other heart condition large amounts of air were introduced into and kept in the stomach. While the air was going into the stomach slight changes were noted in the pulse and blood pressure, but when the stomach had adapted itself or got used to the air, no changes in pulse or blood pressure

occurred though the heart was displaced from its normal position. These experiments teach us then that in those cases of angina pectoris due to effort, heavy meals should not be taken if the individual has any physical work or exercise to do after a meal, as the meal, by lessening the amount of work that can be done safely, may bring on an attack. Light meals should be the rule in these cases.

The experiment also teaches us that, speaking generally, normal individuals need not fear angina pectoris or other heart attacks even

if the stomach becomes so filled with air as to actually displace the heart.

This will reassure a number of individuals who may be afraid that a distended stomach will stop the heart from beating.

Pinky Higgins Hits Three Home Runs; Athletics Beat Sox

Philadelphia Infielder Enjoys Great Day Against Boston as Team Wins, 14-2—Yanks Trounce Senators—Tigers Turn Back White Sox—Braves and Phillies Split Even

AMERICAN LEAGUE

PHILADELPHIA, June 27 (AP).—Cracking five home runs, three of them by Pinky Higgins, the Athletics lapped the Boston Red Sox 14 to 2 today, in the first engagement of a four-game series. Higgins, in leading the attack on Wes Ferrell and Henry Johnson, ran his year's total of homers to six. The three homers set an individual record for the season and drove in five runs. Johnny Marcum and Bob Johnson also connected with four-baggers, which drove in all the Athletics' runs except five Johnson's was his seventeenth of the season.

Yanks Trounce Senators

NEW YORK, June 27 (AP).—The Yankees returned to their home grounds today after a highly successful Western tour, and proceeded to increase their lead by walloping the Senators 15 to 3. The victory put the league leaders three and one-half games ahead of the idle Cleveland Indians, who had reduced the margin a few days before by winning their series.

His Twentieth Homer

CHICAGO, June 27 (AP).—A barrage of extra base hits that included Hank Greenberg's twentieth homer, and three other Detroit circuit clouts, gave the Tigers a 9 to 5 victory over the White Sox today, and pulled the defending champions up almost even with the Chicagoans for third place.

NATIONAL LEAGUE

BOSTON, June 27 (AP).—The Braves started out to belt over the Phillies today, but after they had won the opening game of a double-header, 11 to 1, and apparently had made some progress toward getting out of the cellar, they ran into difficulties and the Phils evened up with an 8 to 7 victory. There wasn't even any argument about the opener.

Tacoma Players To Perform for Victoria Squad

CARROLL Friend and Tommy James, Tacoma ball players, who have turned in some smart baseball for the Victoria Sons of Canada nine, will be in uniform tomorrow when the locals stack up against Anacortes in a twin bill exhibition fixture at the Royal Athletic Park. Arne Leabenhagen, another Tacoma mound ace, is also being brought in for the fixtures and will share the heating duties with Friend. James, snappy Tacoma short stop, will hold down this position on the Victoria club. "Big" Ole Olson, who pitched both games for Anacortes when they visited here in 1933, is still with the club and will, in all probability, work in the matinee attraction. The afternoon game will start at 2:30 o'clock and the nightcap at 6 o'clock.

CANADIAN TO MEET JENKINS IN RETURN GO

Heavyweight Matmen Meet Tomorrow at Tillikum Gym In Finish Bout

Young Andre Adoree, good-looking matman from Montreal, is coming back to the Tillikum Gymnasium tomorrow evening to meet George Jenkins, rugged Bostonian, in a return match, billed as the semi-windup on the weekly all-heavyweight squirm card. Last week the Canadian gained a draw with Jenkins after a lively match, and at its conclusion, Adoree issued a challenge for a return bout. Jenkins, who boasts of never having refused to meet any offer in his many years in the mat game, readily accepted, and the bout is on. It will be a finish match, all of which means that somebody will have to get two falls before the big fellows can call it a night.

Topping the programme will be Hans Steinko, German heavyweight, and Tony Catalano, from Sunny Italy, in a scheduled eight ten-minute affair—that promises to be full of action and thrills. Steinko weighs 260 pounds and his opponent 220 pounds.

JENKINS IS ROUGH

Jenkins, a past master in the art of rough tactics, is rightfully unpopular with the fans, and of the many who will be on hand tomorrow evening to see him in action against the young Montrealer, more than 95 per cent will be pulling for the Canadian to win.

Last week the fans got quite upset about the whole business, all because Jenkins spent considerable time pushing his fingers in Adoree's eyes and doing a lot of other things not in wrestling books. When he left the ring he was greeted with a shower of programmes and the "bronx" cheer, a greeting that has many times chased Champion "Jerm" London and the veteran "Strangler" Lewis from the ring.

Adoree, cool and easy Montrealer, knows a few tricks in this wrestling business, and tomorrow evening when the rugged Bostonian starts his rough tactics he will in all probability find the Canadian ready to return everything that Jenkins sends his way. The bout looms up as one that should provide enough fireworks to keep the fans on their feet every minute of the way.

Two local wrestlers will meet in the preliminary, scheduled to open the programme at 8:45 o'clock.

SEATTLE GOLF CLUB SEATTLE, June 27 (AP).—Three big guns of golf, who, between them, had won national championships, Western and Northwestern crowns and had played on Walker Cup teams, were put to rout in the Pacific Northwest amateur golf tournament today, when four Seattle "kids" took complete charge of the semi-finals.

Don Mac, Portland, twice Western amateur champion, and a Walker Cup player, bowed to Harry Givan, 1 up; H. Chandler Egan, Medford, Ore., winner of the National in 1924 and 1925 and Walker Cup star last year, went down to defeat before seventeen-year-old Dick Haskell, 3 and 2; and Eddie Hogan, Portland, former Northwest amateur and open titlist, was put out of the competition by Albert (Scotty) Campbell, 6 and 4.

In the other quarter-final, an all-Seattle affair, Clyde Finlay bagged fourteen threes on thirty-one holes to eliminate Harry Hyatt, 6 and 5.

In the thirty-six-hole semi-finals tomorrow, Givan will meet Finlay and Campbell will play Haskell with the experts picking Givan, a former entrant in National amateur and open tournaments, and Campbell, two Canadian champions, to clash in the finals on Saturday.

The situation was just the reverse in the women's division with three visitors, Marian McDougall, defending champion, and Florence Sellers, both of Portland, and Barbara Beach Thompson, Palo Alto, advancing to the semi-finals with Mrs. Vera Hutchings Ford, Seattle.

MRS. FORD ADVANCES

Mrs. Ford, six times winner of the title, is a former resident of Vancouver. The Canadian woman, who got out of a sick bed to compete in the meet, defeated Mrs. L. J. Tescher, Berkeley, Northern California champion, 4 and 3; Miss Sellers, conquered Miss Iva Liston, San Jose, 4 and 3; Miss McDougall eliminated Mrs. L. Wingham, Seattle, 4 and 2; and Miss Thompson downed Patsy McKenna, Portland, 3 and 1.

Tomorrow Mrs. Ford meets Miss Sellers and Miss McDougall plays Miss Thompson in eighteen-hole matches.

NINE BOUTS AT MT. STEPHEN

Mixed Boxing and Wrestling Card Billed Tonight—First Mix 8 o'Clock

With boxers and wrestlers sharing the spotlight, another mixed grappling and brawls programme will be presented this evening at their popular outdoor arena, Mount Stephen Avenue. Nine bouts, with the first scheduled to commence at 8 o'clock, will round out the attractive card.

Heading the squirm portion of the programme will be Louis Newman, Swedish exponent of the bone-bending game, and Ed. Dunc, popular Victoria grappler. The boys will go six five-minute rounds at 165 pounds.

In the other grappling bouts, Al Garnet will oppose "Bud" Kitchin, and Young Ernie Arthur will tackle Young Gus Sonnenberg.

SIX BOXING BOUTS

Six boxing bouts are listed, with Rudy Holstein, hard-hitting Spokane brawler, swapping punches with Bill Winsby in the feature mix. Other bouts will include: Young Weldon vs. Jimmie Iott; "Red" James vs. Bill Thornburn; Young Duval vs. Harry Morrison; and in the special event, "The California Slaughterer" vs. "The Killer."

With nine events on the programme and plenty of action promised, another bumper crowd is expected to make its way to the popular Mount Stephen Athletic Club this evening.

MONTREAL, June 27 (AP).—Bar gold in London up three cents at \$34.93 an ounce in Canadian funds; 1415 3 1-2 in British funds. The fixed \$35 Washington price amounted to \$34.02 in Canadian funds.

Primo Carnera Hits the Canvas

Here is the first picture to reach the city of the Joe Louis-Primo Carnera bout, held in the Yankee Stadium, New York, Tuesday night, in which the Detroit negro sensation scored a technical kayo over the giant Italian and former heavyweight champion, after 2 minutes and 32 seconds of fighting in the sixth round. Referee Arthur Donovan is seen leading Louis to a neutral corner, an indication that he is halting the bout and awarding a technical knockout. Carnera is seen in a pitiful condition, eyes glossy, blood trickling from his mouth, and his huge limbs unable to hold him erect after he had sailed to the canvas for the third time in the fatal sixth. Louis had no trouble tumbling the big Italian to the floor. He started in the first round and battered him from post to post until the end came.

MORE CANADIANS DEFEATED AT WIMBLEDON MEET

Rainville, Longtin Beaten in Straight Sets by Frenchmen

Montreal Pair Drop Match to Borotra and Brugnon, 6-1, 6-3, 6-2—Eleanor Young and Caroline Deacon Lose to Watson Sisters of Belgium—Perry Eliminates Van Ryn

WIMBLEDON, England, June 27.—Two more Canadian combinations dropped from the Wimbledon tennis championships today as the ranks of the invaders were reduced further by elimination. Another of the United States Davis Cup stars went out with the Canadians Marcel Rainville and Roland Longtin, Montreal, who were beaten in straight sets by Jean Borotra and Jacques Brugnon, France. Scores were 6-1, 6-3 and 6-2. Eleanor Young and Caroline Deacon, of Vancouver, faded from the women's doubles picture when the Watson sisters, of Belgium, downed them, 7-5, 6-3. The Canadian junior and senior champion combined well in the first set, but Miss Young was inclined to overdrive. Miss Deacon drove and volleyed brilliantly. She was most severe on overhead play. In the second set Miss Deacon continued to play well, but her partner was erratic, missing several easy smashes. H. W. (Bunny) Austin, English Davis Cup player, eliminated H. Musgrove, of South Africa, 6-3, 6-0, 1-6, 6-0. PERRY MOVES ALONG In the day's feature men's singles match Fred Perry, defending United States champion, defeated John Van Ryn, of the United States, 4-6, 6-1, 6-2, 10-8. Qualifying for the last sixteen of the men's singles were the remaining three American Davis Cuppers, Sydney B. Wood, Donald Budge and Jean Mako; Jack Crawford, of Australia; Baron Gottfried von Cramm, of Germany; Roderich Menzel, of Czechoslovakia; H. W. (Bunny) Austin, of England, and Christian Bousquet, of France. Jack Crawford, of Australia, earned a fourth-round berth in men's singles after a strenuous duel with Ladislav Hecht, of Czechoslovakia, 11-9, 6-4, 6-8, 6-2. Hilda Krahwinkel Sperling, Germany's main contender, eliminated Marie Horn, of Germany, 6-3 and 6-0. Gene Mako, of Los Angeles, of the United States, defeated Norman Farquharson, of Scotland, 8-6, 6-4.

Tillicums Will Tackle Sailors In League Game

WITH three successive victories to their credit, Tillicums, rapidly improving Commercial Baseball League nine, will have the sailors to contend with this evening at the Royal Athletic Park when the clubs clash in a regular fixture at 6:15 o'clock. "Wack" Osmen or Lloyd Jones will get the call from Manager Bert Nex for the mound work, and Wally Stipe, slugging receiving ace, will complete the battery. Parker, husky right-hander, is expected to twirl for the Navy squad as the sailors make a bold bid to garner their initial victory of the season. In their last fixture with the Tillicums the Navy made things interesting most of the journey only to lose by a 5-3 score.

South Africa, in the third round, He won a five-set match, 2-6, 6-4, 2-6, 6-4, 6-1. Baron Gottfried von Cramm, of Germany, eliminated Jon Caska, of Czechoslovakia, 6-1, 8-6, 6-4, but the top-ranking Czech, Roderich Menzel, defeated Gigivanni Palmeri, of Italy, 10-8, 6-0, 6-4.

BUDGE BEATS QUIST Donald Budge, of Oakland, Calif., eliminated Adrian Quist, of Australia, in straight sets, 8-6, 6-3, 6-3, to enter the fourth round. Vivian McGrath, of Australia, defeated Martin Leggett, of France, 6-3, 6-2, 6-4, while Christian Bousquet, of France, downed E. Gabrovitz, Hungary, 8-6, 6-3, 6-4.

In the women's singles, Peggy Scriven reached the third round, defeating Mrs. D. C. Shepherd-Baron, another English woman, 13-11, 6-3. Mrs. Helen Wills Moody downed Adeline York, 6-3, 6-1, and Jacobs won from Rollin Couquerque of Holland, 8-6, 6-4.

DIDRIKSON WINS MATCH

Famous Female Athlete Carried to 19th Hole by Young Girl Contender

CHICAGO, June 27 (AP).—A seventeen-year-old girl, who, just three years ago, climbed over her dad's back fence adjoining a golf course to take her first lessons at the game, today provided the drama to the Women's Western Open golf championship as America's two leading women professionals swept into the semi-finals.

The farm girl, who still milks the cows, is Miss Josephine Soucek, daughter of a truck gardener living on the outskirts of Chicago. She gave Mildred "Babe" Didrikson, famous Beaumont, Texas, girl athlete, the greatest game of her career until Miss Soucek was conquered in a nineteen-hole match to lose by a margin of 1 up. The semi-final tomorrow will be between Miss Helen Hicks, Hewlett, La., America's outstanding business woman golfer, and Mrs. Opal S. Hill.

Muzz Patrick Wins Heavyweight Final In Seattle Tourney

Local Boxer Scores Quick Knockout and Gains Decisions in Next Two Bouts to Capture Washington State Title — Jordan Is Beaten

SEATTLE, June 27 (AP)—Murray "Muzz" Patrick, twenty-year-old son of Lester Patrick, boss of the New York Rangers hockey club, won the heavyweight class in spectacular fashion here, tonight, in the Washington State Amateur Boxing Tournament, by rapping out a decision over Wesley Hayes, Seattle Athletic Club, in the semi-finals, then taking a five-round decision from Dave Johnson, Spitzey's Boxing Club, Portland, who drew a bye in the semi-finals.

In his opening fight, the gangling Victoria youth knocked out Clayton Thompson, Everett, Wash. Y.M.C.A., in the first round of a feature bout. Patrick had Thompson groggy in the early seconds,

MILD SURPRISE IN TITLE MEET

Miss Tremayne Eliminates Miss Featherstone in Victoria Tennis

Playing steady tennis all of the way, Miss Audrey Tremayne, young Victoria Tennis Club player, provided a mild surprise yesterday at the club courts, Fort Street, when she stroked her way to a straight-set victory over Miss Betty Featherstone in the women's singles. Favored to advance farther in the tournament, Miss Featherstone passed out of the picture when she went down to defeat by scores of 6-0, 6-1.

Many matches were run off and in the majority of cases straight-set verdicts were gained. There were a number of lengthy battles, and the men's handicap singles match, in which C. Collinson defeated W. F. Holdridge in three sets, was the longest fixture of the day. They were on the courts almost three hours before they were able to reach a decision. Collinson dropped the initial set, 2-6, but came back to take the twenty-two game set, 12-10, and then finished the match by winning the odd set, 6-4.

Play will continue today with twenty matches scheduled.

Jack Lovelock Easily Outdistances Rivals

Jack Lovelock, smooth-stepping Oxford and New Zealand mile runner, shown breaking the tape to win the invitation mile race at Palmer Stadium, Princeton, N.J., ahead of Bill Bonthron and Glenn Cunningham, shown finishing second and third. Lovelock kept at Cunningham's heels for most of the distance, as the Kansas flyer set the pace, but made a marvelous burst in the closing stages to finish easily. The time was 4:11.2. Spectators agreed that the winner could have covered the mile in far better time had he been pressed. Bonthron forged into second position when Cunningham faded in the stretch, but Lovelock's victory was clear-cut and undisputed.

H. S. Hurn (scr.) defeated W. D. Kennedy, 15-1, 6-1, 6-4.

W. Dunbar (15-3) defeated H. T. Matson (30-3), 6-3, 6-4.

Silent Glows Defeat Brundson's Boys, 9-5

Push Over Five Runs in Eighth Inning Rally—Result Places Teams Deadlocked in First Berth —Bruins and Poodle Dog Victors

Scoring five runs in an eighth-inning rally, Silent Glows came from behind to defeat Brundson's Boys 9-5, yesterday evening at the Royal Athletic Park and once again went into a tie for top berth in the "A" section race with the lads from Esquimalt.

Squeezing over the winning marker in the last frame, Army soft-batters finally brought their losing streak to a halt when they nosed out the New Method Laundry, 7-6 at Work Point Barracks.

Bert Waides won a keenly-contested fixture at Victoria West Park when they defeated the Civic Staff, 5-3, in a fast game. The winners pushed all of their runs across during a fourth-inning attack.

Officials of the Lower Island Softball Association announced yesterday evening that one more complete round will be added to the schedule of fixtures in the "A" Section, in order to keep the club active until the other sectional winners have been declared.

Trailing a 5-4 score until the eighth frame, Silent Glows turned on the heat in this stanza and pushed over five runs, enough to win the fixture by a four-run margin. The break in the game came when the Esquimalt third sacker made a bad throw to first base. Alive to every opportunity to win the ball game, the burnermen took full advantage of this boost and with some smart ball managed to push across five runs before they were finally retired.

"Kelly" Comerford, Brundson's Boys hurler, was yanked in the eighth frame, with the score 5-5 and two men on the bags. "Red" Palmer was rushed to the rescue, but failed to hold the burnermen in check.

One of the features of a smart game was Preston's unassisted double killing in the third inning. Covering the keystone bag for the Silent Glows, Preston appeared "Gabby" Dunnett's screaming drive and caught the runner off second for a double play.

Score by innings: Brundson's Boys ... 140 000 00-5
Silent Glows ... 220 000 05X-9

Batteries—Comerford, Palmer and Dunnett; Turner and Larry Kennedy.

BRUINS WIN AGAIN

Slugging the ball hard and often, Painter's Bruins battled their way to an 18-2 victory over the Bapcos at Spencer's Park to remain deadlocked in first place in the "B" Section pennant chase with the Poodle Dog Cafe squad. The burnermen came through with a 3-1 win over a much-improved Kresges squad at Memorial Park. In the other "B" Section fixture, Eagles defeated the Navy, 11-5, at Bullen Park.

Scoring three runs in the initial frame, Painter's Bruins went out in front and were never headed in their fixture with the paintmen. They added five in the third scored eight more in the fifth and ended their scoring in the ninth inning when they sent two runners the distance. Bapco scored once in the eighth and again in the ninth.

Norman Stewartson and Stan Hodgson hit homers for the fuelmen.

Score by innings:

Painter's Bruins ... 305 080 002-18

Bapco ... 000 000 011-2

Batteries—B. Simpson and B. Berry; Farquhar and Day.

CAFEMEN BEAT KRESGES

Breaking a 1-1 score in the seventh inning when they sent two runners the distance, Poodle Dog Cafe came through with a 3-1 victory over Kresges at Memorial Park. The clubs played good ball all of the way, with a number of sparkling catches in the outfield and many smart plays by the infield.

Score by innings:

Poodle Dog Cafe ... 100 000 000-3

Kresges ... 000 000 000-1

Batteries—Smith and Holmes; Johnston and Harris.

ELEVENTH STRAIGHT

Spencer's Diamond "B" softballers ran their winning streak to eleven straight when they trounced the Young Liberals, 24-4, at Central Park. The Diamond "B" boys hit the ball hard in the pinches and played great defensive ball behind the pitching of Sid Carr, their lone mound ace.

Harris' Cyclones went on a scoring rampage at Heywood Avenue, where they defeated St. Louis College, 41-7, in a junior league fixture.

GOLF FACTS NOT THEORIES!

By ALEX MORRISON

There are two kinds of people. One class makes every effort to learn the rules and abide by them. The others don't care about rules because they figure they are just to be broken.

I saw a beginner teeing up his ball in the rough. He even kicked it out of sand traps on to the fairway. When I told him he was breaking the rules he sneered at me and pointed to other players who were doing the same thing.

Such people never can become real golfers. Rules and etiquette are half the game of golf. Without knowledge of them and adherence to them you can't catch the true spirit of the game.

If you abide by them I'm sure you'll find that, like traffic regulations, they are for your benefit in almost every case.

JAN KIEPURA IN DOMINION COMEDY

Famous Tenor Sings and Acts in
"My Heart Is Calling"
Sonnie Hale in Cast

According to the critical opinions expressed by leading newspaper reviewers, the new G.B. production, "My Heart Is Calling," now the attraction at the Dominion Theatre, has attained a degree of hitherto unprecedented excellence for this type of picture.

It is a musical comedy romance, starting the world-famous young tenor, Jan Kiepura, who captured the hearts of all American moviegoers in his last picture, "Be Mine Tonight."

Featured with Mr. Kiepura are Sonnie Hale, favorite comedian of the British stage, and Marta Eggerth, the latter a blonde beauty whose dramatic talents, combined with her melodious lyric soprano voice and the ability to dance like a veritable wood nymph, have made her the toast of Europe.

Other distinguished players in the cast are Hugh Wakefield, Ernest Theatier, Marie Lohr, Jeanne Stuart and John Singer.

COLUMBIA Jane Carr, who plays the feminine lead in the Gaumont British film, "Dick Turpin (Outlaw)", now at the Columbia Theatre, was a child actress during the war. She played in touring companies until she finally came to London in "Marriage by Purchase," with Cathleen Nesbitt. Victor McLaglen plays the starring role of Dick Turpin. John Stafford and W. Victor Hanbury directed.

PLAYHOUSE Fathers are to have their day of glory in the movies this week when they see "Wednesday's Child," now at the Playhouse Theatre. They are depicted in the film as heroes to their children. Frankie Thomas, twelve-year-old star of the Broadway production, has the title role in the film, and Edward Arnold portrays his father. Karen Morley is also featured portraying Frankie's mother.

CAPITOL TO PRESENT "G-MEN" ON SATURDAY

The most discussed and one of the most popular films of the season, "G-Men," depicting the United States' battle against crime, will be the feature attraction at the Capitol Theatre for the week, beginning Saturday.

It is a thrilling presentation of the work of United States Department of Justice men in their war against the country's arch-criminals. Many months were spent in preparation before a camera turned on this first National picture, and the result is an accurate presentation of the force in their fight against crime.

Not only in the story and action is "G-Men" outstanding, but also in its cast of characters. Featured players are James Cagney, Margaret Lindsay, Ann Dvorak and Robert Armstrong.

Cagney, Hollywood's famous "bad man," deserts past roles to become a United States secret service agent and is said to turn in a performance even better than in the memorable "Public Enemy."

Varied Scenes in Current Edition Of Talking News

MANY and varied are the scenes in the current edition of the Colonist-Universal newsreel showing at the Dominion Theatre. Among the views shown are: Costa Mesa, Cal., airliner rams house; Portland, Ore., streamlined train breaks record; Toronto, Ont., schoolboys try for track and field honors; Birmingham, Prince of Wales visits "Big Shop"; Chicago, heavy blasts blow down sky-ride tower, once feature of World's Fair; and Belmont Park, N.Y., Omaha wins rich Belmont Stakes in pouring rain. Graham McNamee describes all the events.

AMUSEMENTS

On the Screen
Capitol—Ruby Keeler in "Go Into Your Dance."
Columbia—"Dick Turpin," starring Victor McLaglen.
Dominion—Jan Kiepura in "My Heart Is Calling."
Playhouse—"Wednesday's Child," featuring Karen Morley.

EMPIRE WILL STAGE REVUE THIS WEEK-END

Theatre managers all over the country speak in the highest terms of the merit of Dan Fitch's musical revue, and the management of the Empire Theatre heartily endorses it as the opening feature of the new Empire season, starting Sunday night and showing Monday.

In addition to Dan Fitch, himself, the cast includes such well-known stars of radio, stage and screen as Donette Schley, beautiful, sensational acrobatic dancer par excellence; the Dixie Spiritual Singers; Sylvia Hanley, the girl with the violin voice; Brady Sisters and Jimmy Culbreth, aristocrats of rhythm; Turk McBe, the dancing xylophonist; Alice Connor taps on her toes; Trevor Lewis, N.B.C. radio tenor; Foster Girls; Russell Lloyd, Scotch singing comedian; Carolina Collegians, C.B.S. recording orchestra; and Miss Ar Delle, the "lady with the shawl," presenting the famous Sally Rand World's Fair sensation "Dance Moderne."

U.C.T. TO STAGE UNUSUAL EVENT

Travelers Will Conduct "Klondike Night" in Crystal Garden on Dominion Day

When the United Commercial Travelers invade the Crystal Garden here on July 1, the popular event will be transformed into a Northern setting, for the U.C.T. are staging a "Klondike Night" as a feature of the local Dominion Day celebrations.

A fine swimming programme has been arranged to precede the gambling games, which will be one of the biggest attractions of the evening. All the atmosphere of the Klondike gold rush of 1898 will be assembled at the Garden.

Roulette, chuck-a-luck, crown and anchor, faro, and bingo, are among the games to be played with money money, which will be issued to each patron. The function is scheduled to start at 8:30 p.m. and lasting until the early hours of the morning.

Ernest Bayless, assisted by the officers and directors of the U.C.T., are in charge of the affair. The committee in charge is as follows: Swimming, Ernie Peden and G. Bone; roulette, H. Rutherford; roulette, G. Small; box office, F. Tadmor.

W. A. Burnett, presiding officer for the U.C.T., is to be complimented on the manner his junior officers and committees are organizing this affair.

NEW MARKS IN TIME TRIALS

J. Newman and N. Duval
Make Fast Time in Winning First of Series

New marks were established yesterday evening in the junior and senior time trials staged by the Victoria Cycling Club. Johnny Newman, veteran Saanichton rider, carried off the honors in the senior five-mile course in 1 hour, 45 minutes and 45 seconds, which was 1 minute and 38 seconds faster than last year's time.

Neil Duval, young Royal Oak speed demon and winner of the Colonist bicycle road race last year, topped the junior event for his second successive time when he traveled over the 7.6-mile course in 19 minutes and 2 seconds, 18 seconds quicker than he did the same distance in 1934.

The complete results, with the riders' times, follow:
Senior—J. Newman, 1:05:45; C. Warren, 1:08:45; H. Whitehead, 1:08:12; A. E. Peden, 1:09:55; K. Langrish, 1:11:25; L. Ward, 1:13:25; T. D. McCreedy, 1:13:40.
Junior—J. Newman, 19:02; R. Reid, 19:15; S. W. Stevenson, 20:20; A. W. Neilson, 21:02.

Six points are awarded for first, four for second, two for third, while each of the other riders who finish the course receive a point. Aggregate points at the end of three trials determine the winners.

PET SHOW TO BE FEATURE AT FAIR

Entries are being received at the Tourist Trade Development Association office in the Arcade Building for a pet show to be staged on July 19 at the Willows during the old time fair and bazaar, which is to be held from July 17 to 20.

Children with dogs, cats, monkeys, mice, rabbits, parrots, canaries, and other birds and animals entering their pets will be eligible for cash prizes and merchandise scrip. There will be a parade before the grandstand, while judges select prize winners.

Children up to fourteen years of age, accompanied by their parents, will be admitted to the fair free.

MYER BACK IN BATTING RACE

Senators' Infielder Gains
Cellar Berth—Mule Haas
Drops—Vaughan Leads

(By The Associated Press)
Buddy Myer regained his place in the Big Six yesterday, wiggling into the cellar berth ahead of Chicago's Mule Haas, while most of the batting leaders were idle. Myer hit three times in six trips to the plate to bring his average up four points to .345, while Haas hit only once in four attempts and dropped three below that level.

Bob Johnson, American League leader, added one point to his mark by smacking his seventeenth homer and a single in five times up.

POLICE STOP CAMP STRIKERS IN TRUCK

Continued from Page 1
Edwards, also identified as relief camp strikers; and E. Halaburt and J. Lemons, driver of the truck carrying the strikers and driver of an automobile accompanying the strikers, respectively.

MINISTER DETAINED
Mr. East, said Commissioner Wood, was detained by police, taken to the R.C.M.P. barracks, along with the five men arrested, and later permitted to go to his home. A driver of another car was detained for a while, but also was released. Other of the strikers who were in the truck when it was stopped, but were permitted to leave.

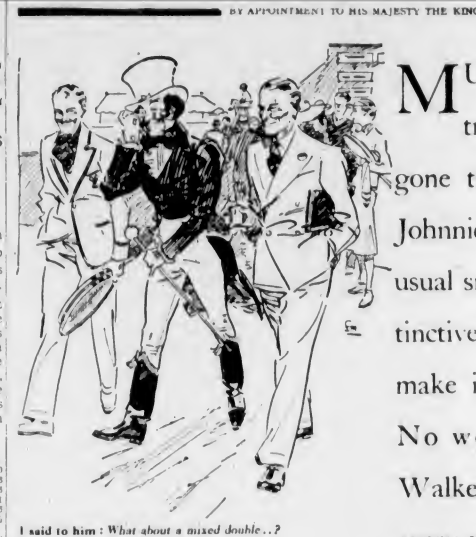

Early today the 2,000 strikers were at the stadium in the Exhibition Grounds, where they have been quartered since their arrival aboard freight trains from the West two weeks ago. Refused further food unless they go to the temporary relief camp at Lumsden, they have been dipping into their own funds to pay for meals for the past three days.

What step would next be taken by the strikers was indefinite. It was expected the court committee of seventy-seven would meet under Arthur Evans, one of the leaders, to discuss the situation before noon, but it was considered unlikely any further attempt would be made to leave Regina today.

PATROL HIGHWAYS
Royal Canadian Mounted Police still patrolled highways leading out of the city, carrying out Federal orders issued by Colonel Wood that the strikers must not leave the city. If they wish to go to Lumsden Camp, thirty miles north of here, pending arrangements for transportation to their homes, transportation to the camp will be provided.

First scheduled to leave aboard trucks for Brandon, Man., next stop on their trek to Ottawa, at 3 o'clock in the afternoon, the strikers made an actual attempt to pass police patrols until late at night. Men from the stadium boarded the truck with their packs and with Mr. East went to the city limits and the main highway east.

HALTED IMMEDIATELY
They were immediately halted by four R.C.M.P. constables. Shortly afterwards other police arrived until there was about twenty at the scene. All carried riding crops. They refused to recognize the permit shown by Mr. East and said they were under orders to halt strikers leaving the city. The arrests were made without any disturbance, al-

though some cries of derision came from persons in automobiles.

Hon. C. M. Dunn, Saskatchewan Minister of Highways and Transportation, issued a statement saying that special permits are some-times granted truck owners to go beyond the five-mile radius of the city but it did not allow carrying passengers. Instructions were issued he said, that no permit was to be issued for the purpose of carrying passengers. He said an investigation would be made.

APPEALS TO PREMIER

OTTAWA, June 27 (P.—Prime Minister R. B. Bennett appealed to Premier J. G. Gardiner and the Government of Saskatchewan, to discharge their proper responsibilities in respect to the maintenance of law and order in Saskatchewan.

Mr. Bennett declared further that the Federal Government had not the slightest intention of withdrawing from the position it has taken, and propose to use our utmost endeavors, even although you decline to co-operate, to maintain the fabric of our society and the institutions of the country against the illegal threats and demands of Communists and their associates.

Last night the Prime Minister received a message from Mr. Gardiner protesting against establishment of a relief camp near Regina, and asking that the strikers be removed from Saskatchewan.

Had Long Drive To Milk His Cows

HAYS, Kas., June 27 (P.—Milking time found Ed Rathbun on one side of the flooded Saline River and his cows on the other. They had crossed the river just a few hours before a heavy rain swelled the stream. Rathbun was forced to drive 106 miles to milk them.

A very successful evening was spent Wednesday, when the women of the Lake Hill Bowling Club held a mixed rinks competition to furnish seats for the green. The winners were as follows: Mrs. Brown, Messrs. Smith, Ormlston and Richardson to the Western On-to-Ottawa (skip).

Jane Dixon Says:

GROUNDLESS SUSPICION AND UNJUST ACCUSATION ARE DANGEROUS TO THE CONTINUED EXISTENCE OF THE HAPPY HOME

One of the readers has come forth with very personal and pertinent comment on a problem presented in this column. I wish more of you would voice your opinions and your solutions. Two heads are better than one, you know, and experience is a teacher without peer.

Here is the letter, and I do hope it will reach the woman whose problem inspired it.

"Dear Miss Dixon: I admire your crisp answers to some of the soft questions, and I'd like to answer, through you, the wife who found a letter from the other woman in her husband's pocket.

"I married eight years ago a widower, who is rather odd and has very little to say. There was a young woman who was very fond of him and he liked her, too, a lot. He might have married her had it not been that she was too keen about the gaiety that comes in glasses. So he let her slide, as he was not anxious to marry at the time, and when he was ready to take a wife, he had another type in mind.

"In all fairness to this girl she does not know that he is married, as he figures his personal life is his own, and so did not inform her of his marriage.

"I had been his wife for two years when she sent him a Christmas card on which she wrote: 'Sweetheart, with all my love.' In the meantime she, too, had married, so by that card she killed any remaining affection my husband might have had for her, as he now is convinced she is neither honorable nor to be trusted in any way.

"Now, suppose when I was cleaning out the pockets of his coat to send to the cleaner and found this card, I'd gone off the handle and started raving.

"I know the girl's name, her address, her telephone number, even her husband. She was a good companion to my husband in her way, and I'm glad he enjoyed her. Can he help it if she writes him a card with a silly message?

"Please tell the woman who found the letter to look at the matter from my angle. My husband saw plenty of women before he married me, so if he selected me for his wife I guess I must be THE woman.—T. C. M."

HOW TO AVOID HEARTACHES

Thanks T. C. M. You are the sort of good friend and understanding woman this column delights to welcome into its midst.

When I think of the infinite number of wives who would have raised merry Cain had they found such a message from an old flame, parked in their husband's pocket, and when you illustrate so clearly how ridiculous these wives would have made themselves with their accusations and their lamentations, I want to congratulate your husband on his excellent choice of a helpmate.

You know wives, and so do I, who would have kept that card and used it as a fall over their husband's shoulder until Doomsday, if it would last that long.

Explanations would have meant nothing to them. Reason or common sense would have been as much oil on the fire of their wrath.

There would have been fits of jealousy and of hysteria that drive husbands to the point where they say: "If I have the blame I might as well get the game."

No woman should condone the affair of an unfaithful husband. But before she begins the breakage, she should make sure, beyond doubt, there IS an "affair."

Groundless suspicion, unjust accusation, these are just as dangerous to the continued existence of the happy home as is the poaching woman who doesn't care on whose ground she trespasses.

FLIGHT

by W. D. TIPTON
and J. H. MASONTHE PIONEER
PARACHUTIST

LESLIE IRVIN
WAS THE
FIRST AVIATOR
ON RECORD
TO MAKE A DESCENT
WITH A FREE TYPE
PARACHUTE.

THE FREE TYPE
PARACHUTE
HAS DISPROVED
THE OLD BELIEF
THAT A PERSON
FALLING FROM
GREAT HEIGHTS
WOULD DIE OF
SUFFOCATION.
DELAYED JUMPS
OF MANY
THOUSANDS
OF FEET
HAVE BEEN MADE.

OVER 1000 PILOTS OWE THEIR
LIVES TO THE FREE TYPE PARA-
CHUTE. SINCE ITS INVENTION
BETTER THAN 100,000 LIVE
DROPS HAVE BEEN MADE WITH-
OUT FAILURE.

LESLIE Irvin, an American en-
gineer, was the first aviator to
use the free type parachute as dis-
tinguished from the fixed type, used
by balloonists for many years. He
was the inventor and the pioneer
experimenter with this type.

During the World War the Ger-
man aviators used a parachute
with which some of them saved their
lives, but these were of the fixed
type; that is, the container carry-
ing the packed chute was fixed to
the airplane and when the pilot

jumped clear, he pulled the para-
chute out of the container.

This was an unsatisfactory ar-
rangement, for there was always
the danger of the chute catching
on the airplane. The free type is
completely attached to the pilot,
either in form of a seat or back
cushion, and is now the standard
for practically all the world's air
forces.

More than 1,000 pilots have saved
their lives with the parachute, and
over 100,000 live jumps have been
made without failure.

How It Started

By JEAN NEWTON

WHY IS IT CALLED A
NEWSPAPER?

Long ago, many periodicals car-
ried as part of their masthead the
letters N. E. W. S., representing
naturally, North, East, West and
South.

This was intended to convey, of
course, that the information printed
was garnered from all four corners
of the globe, a thought which led
to the supposition, commonly
accepted, that the word news for
tidings of recent events was simply
a jumble of the four letters of the
compass.

Unfortunately for this fanciful
idea, the origin of news is quite
clearly traceable to a strictly legiti-
mate etymological source. It is de-
rived from the Old French novel,

which, in turn, is from the Latin
nova, a new thing.

The earliest recorded appearance
of news dates back to the end of
the Fourteenth Century. By the
Fifteenth Century, it was in com-
mon circulation, in its modern sense
of a report or account of occur-
rences. When this appeared in print,
the publication, logically enough, was
termed a newspaper.

All Get Excited
Except the Lions

DALLAS, Texas, June 27 (P)—A
trailer containing three lions broke
loose from a circus truck, smashed
into a ditch and jarred the cage
door open today. R. Thomas, the
truck driver, went for help.

Police arrived and found the three
lions peacefully sitting in the cage
—the door still wide open.

WILL HOLD PICNIC ON DOMINION DAY

On Monday next, July 1, the congregation meeting at the Empire Theatre will join with Dr. Davies' morning radio audience in a picnic to be held at the Victoria Auto Camp, Gorge Road. The affair will commence at 2 o'clock and continue through to the evening meal.

The national birthday of Canada will be thus fittingly celebrated. There will be a splendid programme of sports events and races and competitions at which prizes will be awarded. Hot water will be provided. A general invitation is issued by Dr. Davies to his friends of church and radio to be present. There are no charges.

HOLDERS OF NEW RECORD

Meridian Flyers Broke World's Endurance Record—Still in Air

MERIDIAN, Miss., June 27 (AP).—Al and Fred Key, young Meridian flyers, set a new world's endurance record today at 3:13 1/2 p.m. (C.S.T.), by remaining in the air in continuous flight for 554 hours, 41 minutes and 30 seconds.

At this hour their flight had carried them the required one hour past the former world record of 553 hours, 41 minutes and 30 seconds, set by the Hunter brothers, John and Kenneth, of Chicago, in 1930.

SALUTED WITH CHEERS

The Meridian world's champions, who likewise are brothers, dipped the wing of their plane over the airport at the minute the new record was attained, and the crowd saluted them with cheers.

Grimy and weary from their hours in the air residing in their small cabin plane, the "Ole Miss," the Keys expressed their intention of flying on.

The Keys took off on June 4 at

12:32 p.m. and the plane's motor was still firing away at eighty-miles-an-hour at goal time.

What Today Means

"CANCER"

If June 28 is your birthday, the best hours for you on this date are from 10 a.m. until noon, from 2 to 4 p.m. and from 7 to 9 p.m. The danger periods are from 8 to 10 a.m., from 4 to 6 p.m. and from 9 to 11 p.m.

Conditions which may cause jealousy makes it advisable for you to be careful of what you say, how you express preferences, and what you do. A good motto to remember this day is: "Actions speak louder than words," so be circumspect in yours if you wish to keep out of hot water. Business will probably be decidedly "spotty." Any general activity may be mostly found in

those lines catering to the general public's actual requirements or entertainment. This day should be auspicious for making engagements of a social nature, as well as entertaining. Married and engaged couples, and those with matrimonial thoughts, should find this a good day to plan some form of diversion that will require their going to some interesting place, even if it is only to the movies.

If a woman, and June 28 is your birthday, you should possess a lovable disposition, and find it easy to get along with people. Your amiability is likely to be instrumental in your meeting with success in either a business or social way. Be careful your willingness to play Lady Bountiful is not taken advantage of by some selfish friend. It will be a good policy for you to pursue, to discuss any matter involving a large expenditure of money with some disinterested person in whom you have confidence. It will be good judgment to practice tolerance where religious or political subjects are involved in a discussion. Work of a statistical, clerical, or scientific research nature, as well as educational or missionary, probably will be the most suitable for you to engage in. Through matrimony you should be able to have the type of home life you have always desired.

The child born on June 28 may, when it reaches preparatory school age, be inclined to be rather demanding, as well as having pronounced likes and dislikes. Tactical discipline will easily correct these faults.

If a man, and June 28 is your natal day, you have the happy faculty of being able to accept success, or failure, with equanimity. This ability to be gracious under varying circumstances will probably often help you to turn a temporary defeat into an ultimate victory. The right choice of a wife will result in your having a wonderful helpmate.

Customer—Say, waiter, I can't find any chicken in this chicken-and-ham pie.
Waiter—No, sir; but what about it? You don't expect to find a dog in a dog biscuit.
